ACKNOWLEDGEMENT

This intensive research project would remain incomplete if the sentiments of those who contributed directly or indirectly are not acknowledged. First of all, I bow my head to the Almighty God for the strength, endurance and perseverance to undertake and bring to a successful conclusion this leviathan task.

It is indeed my great privilege and earnest duty to register humble and respectful gratitude towards my guide, Dr. Rajesh Bagga, Director, APJ-IMT, Jalandhar, for his invaluable guidance and perpetual supervision throughout, from planning to execution of this research work. I express my regards for his support and valuable suggestions. The culmination of this onerous endeavor would not have been possible short of unflinching and spirited support.

I take this opportunity to express, with a deep sense of humility, my whole hearted obligation and indebtedness to Dr. Nachhattar Singh, Ex-Advisor to VC, Punjab Technical University, Jalandhar who has been a constant source of strength for me and has painstakingly taken this work towards completion. He always spared ample time for me, in spite of his busy schedule. I express my sincere thanks to him and his entire family for their unstinted kindness and noble generosity.

I shall be failing in my duties if I don’t acknowledge the invaluable assistance provided by Mr. Amritpal from Punjab Agriculture University, Ludhiana in the application of statistical techniques.

I would also like to record my gratitude to Ms. Jasleen Kaur, Assistant Registrar, PTU and all staff members of PhD cell in PTU for their all support and guidance as and when required.

My father Mr. Anoop Kumar Lekhi and my mother Mrs. Santosh Lekhi have been pillars of moral strength and my backbone for this mission. No words can express what their constant undemanding love, sacrifices, dedication and prayers have done to help me achieve the smooth completion of this endeavor. Words would be amiss without a mention of the esteemed suggestions and selfless services provided by my brothers Mr. Manik Lekhi and Mr. Karan Lekhi that helped tremendously in the completion of this study. I would like to end by expressing my heartfelt thankfulness towards friends and colleagues, who remain unnamed.
