CHAPTER – 1

MAINTENANCE AND REPLACEMENT MODELS

PART – A

1.1 Maintenance 03
1.2 Need for Maintenance 04
1.3 Objectives of Maintenance 05
1.4 Challenges in Maintenance 06
1.5 Types of Maintenance 07
1.5.1 Planned Maintenance (PM) 07
1.5.1.1 Preventive Maintenance 08
1.5.1.2 Corrective Maintenance 11
1.5.2 Breakdown Maintenance 12
1.6 Preventive Versus Breakdown Maintenance 13
1.7 Benefits of Maintenance 14
1.8 Maintenance Costs 15
1.9 Maintenance Planning and Scheduling 16
PART – B

1.10 The Replacement Problem 17
1.11 Objectives of Replacement 17
1.12 Failure Mechanisms of Equipments 18
   1.12.1 Gradual failure 18
   1.12.2 Sudden failure 18
1.13 Need for Replacement 19
1.14 Replacement of Items Which Deteriorate and Whose Maintenance Cost Increases With Time 21
   1.14.1 Replacement of Items Whose Maintenance and Repair Cost Increases With Time, Ignoring the Changes in the Value of Money During the Period 23
   1.14.2 Money Value, Present Worth Factor (PWF) and Discount Rate 26
   1.14.3 Replacement of Items Whose Maintenance and Repair Cost Increases with Time, Value of Money also Changes With Time 27
1.15 Replacement of Items That Fail Completely and Suddenly 32
   1.15.1 Individual Replacement Policy (Mortality Theorem) 33
   1.15.2 Group Replacement Policy of Items That Fail Suddenly and Completely 37
1.16 Other Replacement Problems 41
1.17 Equipment Renewal Problems 42

CHAPTER – II

THEORY OF INFLATION, FORECASTING, AND FUNDAMENTALS OF MARKOV CHAINS

2.1 Macroeconomic Variable – Inflation 45

2.14 Parsimonious Modeling of Higher Order Markov Chain Using Weighted Moving Transition Probabilities 92

CHAPTER – III 95
LITERATURE REVIEW

3.1 Survey of Literature 96
3.2 Fundamentals of Macroeconomic Variable – Inflation, Forecasting, Replacement Models, and Markov Process 96
3.3 Prediction of Inflation Using Forecasting Techniques 98
3.4 Study of Replacement Models That Considers Repairs, Inflation, and Money Value (Real Interest Rate) 100
3.5 Study on Development of Replacement Models Using Markov Process (Chain) 102
3.6 Study of Higher Order Markov Chain and its Applications 103
3.7 Block Replacement Modeling Under the Influence of Inflation Using Higher Order Markov Process 105

CHAPTER – IV 110
PROBLEM DEFINITION AND MODEL DEVELOPMENT

4.1 Introduction 111
4.2 The Decision Problem 111
4.3 Objectives of Present Work 112
4.4 Development of The Model 113
4.4.1 Optimal Block Replacement Model Using First Order Markov Chain Without Considering Influence of Inflation 114
4.4.2 Optimal Block Replacement Model Using First Order Markov Chain Considering Influence of Inflation 114

4.4.3 Optimal Block Replacement Model Using Higher (Second) Order Markov Chain Considering Influence Of Inflation 115

4.5 Development Of Block Replacement Model Using First Order Markov Chain 116

4.5.1 Model Development 116

4.6 Influence of Inflation on Block Replacement Decision Using First Order Markov Chain 122

4.6.1 Forecasting Of Inflation 122

4.6.2 Block Replacement Decision Under The Influence of Forecasted Inflation Using First Order Markov Process 132

4.7 Influence of Inflation on Block Replacement Decision Using Higher Order Markov Chain 137

CHAPTER – V 143

CASE STUDY 143

5.1 Case Study Back Ground & Relevance for the Research 144

5.2 Case Study: Block of Air Conditioners 145

5.2.1 Optimal Block Replacement Decision Using First Order Markov Chain 146

5.2.2 Influence of Forecasted Inflation on Block Replacement Decision Using First Order Markov Chain 150

5.2.3 Influence of Forecasted Inflation On Block Replacement Decision Using Second Order Markov Chain 152
CHAPTER – VI

RESULTS & DISCUSSION

6.1 Results

6.2 Few More Observations on Model Behavior
   6.2.1 Replacement Decision With Variable Maintenance Cost and Gradual Uptrend In Inflation
   6.2.2 Replacement Decision With Variable Maintenance Cost and Gradual Down Trend In Inflation
   6.2.3 Replacement Decision With Fixed Maintenance Cost and Uptrend In Inflation
   6.2.4 Replacement Decision With Fixed Maintenance Cost and Down Trend In Inflation

CHAPTER – VII

RESEARCH CONTRIBUTIONS AND CONCLUSIONS

7.1 Research Contributions

7.2 Limitations of Present Work

7.3 Scope of Future Work

7.4 Summary and Conclusions
