I thank Allah, the Almighty for all the blessings showered upon me all through the days of Research work.

I wish to place on record my deep sense of gratitude to my research supervisor, Dr. T. I owe very special thanks to Dr. Ilyas Ur Rahman, Principal, Shadan Institute of Management Studies, for his guidance and moral support in all my professional pursuits including this research study.

During this research study, I have drawn on a vast amount of literature in finance. I owe an intellectual debt to numerous authors who have enriched the field by their valuable contributions. I have used the library facilities available at UCCBM, Osmania University, Institute of Public Enterprise and State Bank Staff College, Greenlands. I am obliged to the librarians of these institutes.

I thank Mohammed Zain Ansari, my nephew, who has undertaken the task of neat execution of computer work. He overwhelmed me with his patience and perseverance in deciphering my hand written material and manuscripts and churning out a number of drafts till the final fine print. Without his help the thesis would not have come up this way so soon.

I express gratitude and affection to my father, Mir Mahboob Ali Khan and mother, Zakia Zainab for their constant love, affection, motivation, support and encouragement.

My great acknowledgements are reserved for my husband, Mohammed Shahid S Ansari who is an inspiration and the force behind me to pursue the research work. Last but not the least I thank my children Obaid, Asima and Junaid who have been a mountain of strength, motivation and encouragement.
