ACKNOWLEDGEMENT

I wish to place my sincere and profound gratitude to Dr.(Mrs.) P. VARALAKSHMI, M.Sc., Ph.D., Reader, Department of Medical Biochemistry, Dr.A.L. Mudaliar Post Graduate Institute of Basic Medical Sciences, University of Madras, Taramani Campus for her valuable suggestions, enlightening guidance and encouragement.

I have great pleasure in expressing my sincere thanks to Dr.(Mrs.) K. RADHA SHANMUGASUNDARAM, M.Sc., Ph.D., M.Sc. (Sheffield), A.R.I.C. (London), A.C.S. (London), Professor and Head, Department of Medical Biochemistry for her constant encouragement and for providing the necessary laboratory facilities.

I should like especially to express my thanks to my Senior Research Scholars R. Baskar, N. Saravanan, R. Sumathi and V. Kalpana Devi for their kind co-operation and my colleague S. Mohandass for his help and patience throughout the completion of this work. I also thank my friends whose help was of considerable benefit to me.

A note of special thanks is made to Dr. C. S. Vijayalakshmi, M.D., D.C.P. Assistant Professor, Institute of Pathology, Madras Medical College, Madras for her assistance in histopathological studies.

P. SANDHYA
