ACKNOWLEDGEMENT

At the onset let me take this opportunity to acknowledge the grace of God without whom this work could not have successfully accomplished.

It is difficult to overstate my gratitude to my Ph.D. supervisor, Professor Dr. S. N. Tiwary for his inspiring and continues support. He has not only motivated me to complete this research work but also generated continuous process of research- oriented thinking within myself. I am indeed very grateful to him.

I would like to thank Dr. (Capt.) C.M. Chitale, Professor and Head of the department of Management, Pune University for his encouragement. My sincere thank to Professor Dr. R. N. Reddy, Head of the department of Management in Vaikunth Mehta National Institute of Cooperative Management, Pune for his academic support. I thank to the Director, Registrar, librarian and the staff of research center for providing facilities during the study.

I acknowledge the Ministry Of Health and Medical Education of the I.R. of Iran, PIU section of MOHME, Oromiyeh Medical Science University and Oromiyeh Nursing and Midwifery faculty for the opportunity and granted me to do my Ph.D. degree. I particularly wish to thank the Teheran, Iran, Shahid Beheshti Medical Science Universities for their permission for doing research. I thank to the Directors, managers, matrons, nurses and the staff of all the private and public hospitals of Teheran and extending all cooperation for my work.

I would like to thank Professor Dr. A. Lameei, my teacher, my role model for his support, suggestions and help in getting important articles for my work. I am indebted to all my teachers who taught me valuable things and I owe my knowledge to them. I also learned some ethical and moral things from them, which has enriched my life.

I cherish my long and intimate association with friends who have made my stay in Pune real fun whenever the going was difficult.

I extend my thanks especially to my parents, brothers, sisters and my in-laws for constantly encouraging me and giving their unstinted and unconditional support during this research work.

Last but not the least, I find I am short of words in expressing my heartfelt gratitude to my wife Jaleh and daughters Elaheh and Farzaneh for providing loving environment, consistent encouragement and tremendous patience during our stay in Pune without which this thesis would not have reached its present state of satisfactory completion.
