“All praises and blessing to Almighty Allah, the most merciful, benevolent, deity and adorable. Who gave me strength and perseverance to produce this research work and guided me to straight and righteous path”

It gives me immense pleasure to express my sincere thanks and appreciation to all those who have contributed to this thesis and supported me throughout this amazing journey. The efforts put forth for this work is not my sole achievement but a collective work reinforced by valuable assistance and guidance of various persons. First, I would like to express my sense of gratitude and indebtedness to my esteemed supervisor Prof. Mushtaq Ahmad Darzi, Head, Department of Management Studies, University of Kashmir, for his constant guidance, inspiration, motivation, timely cooperation, critical comments and valuable suggestion. I find myself fortunate and privileged for being his scholar. Without his supervision I would have never been able to give a proper shape to my work. I also appreciate his effort for providing me academic and administrative support.

I would also like to thank the teaching and non-teaching staff of the Department of Management Studies for cooperation and assistance in this work. I would like to thank the staff of Alama Iqbal Library, University of Kashmir, for their cooperation and creation of academic environment in the University campus. I put on record the assistance and cooperation provided by respondents for timely and required information needed for completion of the study. It would be worth to mention that without their information the study would have not seen light of the day.

It would be noteworthy for me to mention names of my fellow scholars Mr. Ahmad Tauqeer Zahid, Mr. Shakir Hussain Parrey, Mr. Bilal Ahmad, Ms. Gowsia Bashir, Mr. Idrees-Ul-Islam, Dr. Sabahat Rafiq, Ms. Sabha Ali and Ms. Humaira Ali who provided their full support and co-operation for solving different research related problems; helping in carrying field survey, data collection and data analysis; rather it would have been difficult. I extend my deep and sincere thanks and gratitude to my uncle Dr. Sami Ullah Bhat, Assistant Professor, PG Department of Environmental Science, University of Kashmir, his resolute dedication to the field of research has been a constant source of inspiration and strength.

My family deserves special thanks for their support and cooperation. I am extremely grateful to my father, Mr. Abdul Majeed Bhat and mother, Kulsuma who
always blessed me with their kind love and affection and were always ready for any kind of support. They never minded any time whenever attention from my family diverted towards my research. I don’t find words to thanks my wonderful sister-Suraya Majeed for her love and co-operation.

I also thank my cousin - brother and friend - Mr. Tahir Ahmad Sheikh, who provided me technical support, shared his rich computer experience and was always there for help. Lastly, my special thanks go to Dr. Basharat Mushtaq Bhat and his colleagues who have abetted me in data collection and preparing this thesis meticulously. I seek sincere apology if I missed anyone’s contribution in my research work due to my poor memory. However, I will always remain grateful to all such people throughout my life.
