## LIST OF TABLES

1.1 Percentage of Trained Workers in Some Countries of the World 13

4.1 Sampling Groups and Number of Subjects 124

4.2 Number of Items in the Interview Schedule for Administrators Related to Various Issues 128

4.3 Number of Items in the Interview Schedule for Teachers Related to Various Issues 131

4.4 Number of items in the Interview Schedule for Students Related to Various Issues 134

4.5 Number of Items in the Interview Schedule for Intellectuals Related to Various Issues 137

4.6 Number of Items in the Interview Schedule for Parents Related to various Issues Activists 140

4.7 Number of Items in the Interview Schedule for Social Activists Related to Various Issues 143

4.8 Various Types of Engineering College Selected for Case Studies 145

6.1 Summary of Major Committees on Engineering Education and their Recommendations 188-189

6.2 Growth of Degree Level Engineering Institutions 190

6.3 Admission Procedure for Engineering Institutions in Different States of India 191-193

6.4 Number of Institutions and Intake Approved for 2006-07 (as on Sept, 06). 194

6.5 E/S Ratio for Graduates from 1991 to 2004 Calculated from Annual Technical Manpower Reports 196

6.6 O/S Ratio for Graduates from 1992 to 2004 Calculated from Annual Technical Manpower Reports 198

6.7 Out-turn of Postgraduate Students 204

6.8 Out-Turn/Sanctioned Capacity of Postgraduate Students 205
6.9 Percentage of Engineering Ph.Ds to Bachelor Engineering Degrees 211
6.10 Comparison of Growth Rates of Academic Output 212
6.11 Discipline Wise Growth in Sanctioned Intake in India 213
6.12 Number of Institutions, Sanctioned Strength, Number of Teachers & Vacant Posts 215
6.13 Teacher – Student Ratio 216
6.14 Estimated Faculty Scenario 217
6.15 Region Wise Distributions of Sanctioned Intake and Number of Engineering Institutions (NOI) 219
6.16 Region Wise Number of Institutions and Sanctioned Intake per Million Population (2006) 219-220
6.17 Social Distribution of Indian Engineering Education 1978-79 to 2001-02 223
6.18 Enrolment of Scheduled Castes, Scheduled Tribes in Selected Areas in Higher Education in India (% of Total Enrolment) 224
6.19 Enrolment of Women Students in Selected Areas in Higher Education in India (% of Total Enrolment) 224
6.20 Year Wise Distribution of Women Graduates from Some Institutions 225
6.21 Year Wise Distribution of Women Graduates from Some Institutions 226
6.22 Yearwise Distribution of Women Graduates from Some Institutions 226
6.23 Yearwise Distribution of Women Graduates from Some Institutions 227
6.24 Estimates of Actual Intake for Bachelor’s Degree Programme 227
6.25 Enrolment in Engineering and Technology by Levels and Sex (1971-2000) 228
6.26 Number & Percentage of Private and Government Institutions at the National Level 231
6.27 Budget Expenditure on Technical and Engineering Education in India 232
6.28 Union Government Expenditure on Technical Education (Rs. Crores in Current Prices) 233
6.29 Allocation to Technical Education in the Five Year Plans (Crores) 234
6.30 Number of Total Unemployed Engineering Graduates By Select States 237
6.31 Number of Unemployed Civil Engineers by Select States 238
6.32 Number of Unemployed Electrical Engineers by Select States 239
6.33 Number of Unemployed Electronics Engineers by Select States 240
6.34 Number of Unemployed Mechanical Engineers by Select States 241
6.35 Number of Unemployed Metallurgy Engineers by Select States 242
6.36 Year Wise Number of Engineering Institutions in Punjab and at National Level 255
6.37 Sanctioned Intake in Punjab From 1947-2004 257
6.38 Sanctioned Intake to Engineering Degree Course in Different Years by Discipline 258
6.39 Comparison of Student Intake With Neighbouring States 259
6.40 O/S Ratio for Graduates from 1998 To 2001 (Punjab) Calculated From Atmrs 262
6.41 Teacher-Student Ratio In Engineering Institutions of Punjab by Discipline 264
6.42 Yearwise Student Teacher Ratio 265
6.43 Distribution of Teachers With Highest Educational Qualifications at Degree Level of Education in 2006 266-267
6.44 Outturn of Male And Female Schedule Caste Candidates by Discipline at Degree Level 270
6.45 Outturn of Male and Female Schedule Caste Candidates by Discipline at Degree Level 271
6.46 B.E. (Engineering)/B.Arch./B.Tech. 272
6.47 Gender Participation in Engineering, Technology and Architecture 272
6.48 District-Wise Intake of Students at Graduate Level in Punjab in 2005 273
6.49 Approved Expenditure on Technical Education During 9th Plan in Punjab (Lakhs) 274
6.50 Expenditure on Technical Education in Punjab During 10th Plan (Lakhs) 274
6.51 Total Absorption During 2002, Estimated Unemployment at the end of 2002 and Annual Outturn (Available for Employment) of Degree Holders by Discipline in Punjab 276
6.52 Total Absorption During 2003, Estimated Unemployment at the end of 2003 and Annual Outturn (Available for Employment) of Degree Holders by Discipline 278
6.53 Total Absorption During 2005, Estimated Unemployment at the end of 2005 and Annual Outturn (Available for Employment) of Degree Holders by Discipline 280
6.54 Total Absorption During 2006, Estimated Unemployment at the end of 2006 and Annual Outturn (Available for Employment) of Degree Holders by Discipline 283
6.55 Discipline Wise Absorption of Engineering Graduates During the Year From 2002 To 2006 285
7.1 Percentage of Respondents (Number) Giving Different Types of Responses About the Status of General Growth and Development in India 299
7.2 Percentage of Respondents (Number) Giving Different Types of Responses Whether They Favour the Government’s Policy Of Privatization

7.3 Percentage of Respondents (Number) Giving Different Types of Responses About the Role of Government/PTU in the Development of Engineering Education

7.4 Percentage of Respondents (Number) Giving Different Types of Responses About Whether the Development of Engineering Education in India And Punjab Has Been According to the Socio-Economic Needs of the Society

7.5 Percentage of Respondents (Number) Giving Different Types of Responses About Whether Allowing Private Initiative in Engineering Education has an Adverse Effects on Quality

7.6 Percentage of Respondents (Number) Giving Different Types of Responses About the Mushroom Growth of Privately Managed Engineering Institutions in India

7.7 Percentage of Respondents (Number) Giving Different Types of Responses About the Criteria for Opening up of New Engineering Institutions

7.8 Percentage of Respondents (Number) Giving Different Types of Responses About the Preference for Engineering Education

7.9 Percentage of Respondents (Number) Giving Different Types of Responses About Whether the Clash of Entrance Test Date Affects the Students Success

7.10 Percentage of Respondents (Number) Giving Different Types of Responses About Whether the Students Got Admission According to their Choice

7.11 Percentage of Parents Respondents (Number) Giving Different Types of Responses Regarding The Preference for Private Versus Public Institutions

7.12 Percentage of Respondents (Number) Giving Different Types of Responses About Causes Behind Low Output To Strength (O/S) Ratio

7.13 Percentage of Respondents (Number) Giving Different Types of Responses About Causes Behind Low Output Strength (O/S) Ratio in Some Specific Trades

7.26 Percentage of Respondents (Number) Giving Different Types of Responses Regarding the Participation of Underprivileged Classes in Engineering Education

7.27 Percentage of Administrator Respondents (Number) Giving Different Types of Administrator Respondents Regarding the Gender Participation in Engineering Education

7.28 Percentage of Respondents (Number) Giving Different Types of Responses Towards the Policy of Reservation of Seats for the Under Privileged Classes

7.29 Percentage of Respondents (Number) Giving Different Types of Responses Whether the Seats Reserved for Different Categories are Regularly Filled

7.30 Percentage of Intellectual Respondents (Number) Giving Different Types of Responses Whether Reservation Policy Affects the Quality of Engineering Education

7.31 Percentage of Respondents (Number) Giving Different Types of Responses Whether Engineering Education has been Accessible only to Elite Classes

7.32 Percentage of Respondents (Number) Giving Different Types of Responses Whether Privatization has Contributed towards Bringing the Equality of Opportunity by Increasing Access

7.33 Percentage of Respondents (Number) Giving Different Types of Responses Whether Equal Opportunities are Available for Getting Engineering Education

7.34 Percentage of Respondents (Number) Giving Different Types of Responses About the Problems Faced by Students Belonging to Rural Areas

7.35 Percentage of Respondents (Number) Giving Different Types of Responses About the Language Problem

7.36 Percentage of Respondents (Number) Giving Different Types of Responses Whether Engineering Institutions Provide Concessions to the Needy and Deserving Students

7.37 Percentage of Respondents (Number) Giving Different Types of Responses Regarding Charging of Higher Rates of Fees by Some Private Institutions
7.38 Percentage of Respondents (Number) Giving Different Types of Responses About the Justification of Capitation Fee Charged by Engineering Institutions 389

7.39 Percentage of Parents Respondents (Number) Giving Different Types of Parent Responses About Whether They had to Pay Any Some Extra Amount of Money to Get their Wards Admitted 391

7.40 Percentage of Respondents (Number) Giving Different Types of Responses About the Suggestions For Arranging the Funds for Engineering Institutions 393

7.41 Percentage of Respondents (Number) Giving Different Types of Responses Whether Engineering Education Should be Entirely Funded by the Government 395

7.42 Percentage of Respondents (Number) Giving Different Types of Responses About Whether it is Essential for Every Institution to Provide Placement Services to all the Students 398

7.43 Percentage of Respondents (Number) Giving Different Types of Responses About the Hurdles in the Way of Providing Placement 398

7.44 Percentage of Respondents (Number) Giving Different Types of Responses About the Availability of Placement Services in the State 399

7.45 Percentage of Respondents (Number) Giving Different Types of Responses Whether there is a Mismatch Between Demand and Supply of Engineering Graduates 403

7.46 Percentage of Respondents (Number) Giving Different Types of Responses to the Question Whether the Government can be held Responsible for Unemployment in the Engineering Field 404

7.47 Percentage of Respondents (Number) Giving Different Types of Responses About the Mismatch Between Demand and Supply of Engineers 407

7.48 Percentage of Respondents (Number) Giving Different Types of Responses About the Factors Behind Brain Drain 408
7.49 Percentage of Respondents (Number) Giving Different Types of Responses Towards Brain Drain

7.50 Percentage of Respondents (Number) Giving Different Types of Responses to the Question Whether there is a Significant Difference Between Conditions of Working as an Engineer in the Public Sector and a Private Undertaking

7.51 Percentage of Respondents (Number) Giving Different Types of Responses Whether Agro Based Engineering Courses Instead of the Traditional Ones Should be Started in Punjab

7.52 Percentage of Respondents (Number) Giving Different Types of Responses About the Trades that Should be Opened in Punjab

8.1 Name, Type and Nature of Management of the Institutions Selected for the Case Studies

8.2 Duration of Courses in NIT, Jalandhar

8.3 Student’s Intake in NIT, Jalandhar

8.4 Categorywise Social Distribution of Seats in NIT, Jalandhar

8.5 Department Wise Availability of Faculty in NIT, Jalandhar

8.6 Fee Structure of The Institute for Under Graduate Courses

8.7 Fee Structure of the Institute For M. Tech. And Ph. D. Programmes in NIT, Jalandhar

8.8 Courses Available in GZSCET with their Duration

8.9 Showing Courses Available in GZSCET with Student Intake

8.10 Distribution of Seats–Branch and Category Wise in GZSCET

8.11 Department Wise Availability of Faculty in GZSCET

8.12 Fee Structure of GZSCET
8.13 Total No. of Students Placed by GZSCET Through Its Placement Cell (Discipline Wise)

8.14 Courses Available in UCOE With their Duration

8.15 Discipline Wise Student’s Intake in UCOE

8.16 Categorywise Social Distribution of Seats in UCOE

8.17 Department Wise Availability of Faculty in UCOE

8.18 Fee Structure of UCOE

8.19 Placement Position of UCOE

8.20 Courses Available With Its Duration in YCOE

8.21 Student Intake in YCOE

8.22 Categorywise M.Tech Seats for Punjab Domicile in YCOE

8.23 Categorywise M.Tech Seats on All India Basis in YCOE

8.24 Categorywise B.Tech Seats for Punjab Domicile in YCOE

8.25 Categorywise B.Tech Seats on All India Basis in YCOE

8.26 Department Wise Availability of Faculty in YCOE

8.27 Scholarship Scheme Under Plan I in YCOE

8.28 Scholarship Scheme Under Plan II in YCOE

8.29 Number of Placements of 2008 Batch of YCOE

8.30 Number of Placements of 2009 Batch of YCOE

8.31 Duration Wise Courses Available in GNE

8.32 Present Intake in GNE

8.33 Yearwise Total Intake Position in GNE

8.34 Percentage of Women Students Admitted in GNE

8.35 Discipline Wise Availability of Faculty in GNE

8.36 Details of Fee Structure of GNE
8.37 Placements of 2007 Passouts in GNE 475
8.38 Placements of 2008 Passouts in GNE 476
8.39 Course Available With Their Duration in CEC 480
8.40 Discipline Wise Students Intake in CEC 481
8.41 Year Wise Students Intake in CEC 481
8.42 Percentage of Reserved & Women Candidates Admitted in Different Years in CEC 481
8.43 Year Wise Capacity of Students in Hostel in CEC 483
8.44 Discipline Wise Availability of Faculty in CEC 483
8.45 Details of Fee Structure in CEC 484
8.46 Duration Wise Course Available in GGSCET 488
8.47 Courses Wise Student Intake in GGSCET 488
8.48 Percentage of Students Admitted in GGSCET 488
8.49 Percentage of Reserved And Women Students Admitted in GGSCET 489
8.50 Discipline Wise Availability of Faculty in GGSCET 494
8.51 Details of Fee Structure in GGSCET 495-496
8.52 Courses Available in Thapar University 500
8.53 Intake of Students in Thapar University 501
8.54 Diversification of Disciplines in Thapar University 502
8.55 Picture of Admissions of Underprivileged Groups & Women Candidates in Thapar University 502
8.56 Hostel Wise Students Capacity in Thapar University 503
8.57 Qualification Wise Faculty in Various Departments of Thapar University 504
8.58 Tuition Fee and Other Dues for the Various Programmes in Thapar University 506-507
8.59 Percentage of Placements of Thapar University 507

### LIST OF FIGURES

3.1 Structure of Administration in the Indian Institutes of Technology (IITS)  

6.1 Time Line of Indian Engineering Education  

6.2 Line Graph of Growth of Degree Level Engineering Institutions  

6.4 Line Graph of Total Output of Engineering Graduates 1947 – 2006  

6.5 Line Graph of Engineering Bachelor’s Degree per Million Population for US  

6.6 Line Graph of engineering graduates per Million Population in India  

6.7 Line Graph of Average Sanctioned Intake per Institute 1950 – 2006  

6.8 Line Graph of Masters Output from 1947– 2006  

6.9 Line Graph of Masters Output percentage to Graduate Engineers Output  

6.10 Line Graph of Engineering Doctorate Degrees Awarded in India.  

6.11 Line Graph of percentage of Ph.D. Output to Graduate Engineers Output.  

6.12 Line Graph of Growth in Graduate Engineers in Different Countries  

6.13 Bar graph of Engineers per million population for different countries  

6.14 Bar graph representing growth rate of graduate engineers for different countries (2004)  

6.15 Line Graph Representing Engineering Doctorates for Different Countries  

6.16 Pie chart of discipline wise break up of sanctioned intake of engineering bachelors in India in 2001  

xxxii
6.17 Region Wise Distribution of Sanctioned Intake 220
6.18 Bar Graph of Number of Private & Government Institutions at the National Level. 231
6.19 Pie chart showing Union Government Expenditure on Technical Education (in %) 233
6.20 Population and GDP Growth for India during 1947–2006 235
6.21 Engineers per Million Population to Real GDP per capita 236
6.22 Bar graph of Growth in Number of Institutions in Punjab and at National Level 238
6.24 Comparison of Student intake in Punjab with Neighbouring States 260
6.25 Teacher Student ratio in Engineering Colleges of Punjab by Disciplines 264
6.26 Student teacher ratio 266
6.27 Faculty in Engineering Degree Institutions by Highest Educational Qualification 267
6.28 Yearwise Intake of Students at Graduate Level Engineering in Punjab 270
6.29 Bargraph of Expenditure on Technical Education 275
6.30 Discipline Wise Absorption of Engineering Graduates 286
8.1 Area of the College 449
8.2 The placements of Graduates (2007) 476
8.3 Placement Record Since 2002 477
8.4 Bar Graph Yearwise Placement of Students 477
8.5 Placement in the Year 2008 – 06 485
8.6 Intake of Students in Thapar University 501
8.7 Graph Showing Qualification wise Faculty in Various Departments 504
8.8 Percentage of Placement per Year 508
LIST OF MAPS

6.1 Statewise Sanctioned Intake per Million Population 221

6.2 District wise Distribution of engineering Institutions in Punjab 269
