ACKNOWLEDGEMENTS

I express my sincere gratitude to the Almighty for the inspiration and stamina generated within me to undertake the challenge and complete this assignment.

I would like to express my sincere gratitude to Professor K. Hemachandran, Professor, Department of Computer Science, Assam University, Silchar for his kind guidance throughout the term of the Ph.D. work. His wise academic advice and ideas have played an extremely important role in the work presented in this thesis. I am also thankful to Prof. D. Biswas, Dean, School of Physical Sciences. I am grateful to Professor Somnath Dasgupta Hon’ble Vice Chancellor, Assam University, Silchar. for providing research facility in the department of Computer Science.

I am deeply indebted to Avinab Paul, Assistant Professor Department of Mathematics, Cachar Collage, Silchar for his co-operation. A special thanks to Th. Churjit Meetei, O. Mema Devi and Nabanita Choudhury for helping me during the preparation of the thesis. A sincere appreciation is extended to Raju Rajkumar, Rezia Begum Laskar, Sumita Sukla, whose friendship I have cherished during my research work.

I also express my sincere thanks to all my teachers, staff members and all of them who helped me directly or indirectly to accomplish my research work. Last but not the least would like to express my gratefulness to my family members especially to my beloved parents, brother and sister who have given me all the support, opportunity and encouragement in completing the work.
