It is an enchanting privilege for me to convey my gratitude and sincerest thanks to my supervisor Dr. Kumaresh Ghosh, Reader in chemistry, University of Kalyani, from the core of my heart at this auspicious moment for his valuable guidance, helpful discussions, constant encouragement and close attention throughout the course of this investigation and for providing laboratory facilities which enabled me to achieve this height in my research field.

My heartfelt acknowledgement goes to Dr. A. P. Chottopadhyay for his significant contribution in observing theoretical aspects of our few designed receptors.

I am grateful to Dr. Roland Frohlich, Organisch-Chemisches Institute, Universitat Munster Correnstraße 40, D-48149 Munster, Germany, for providing X-ray structures of some interesting compounds.

I am grateful to all the teachers and non-teaching staff of this Department for their kind co-operation. I feel proud to acknowledge Mr. P. Sur and Mr. Debashish Maity of this department, Prof. R. Mukherjee of IICB, Kolkata, Mr. B. Majumdar, Bose Institute, Kolkata for their co-operation in spectral measurement. I am also thankful to ChemBiotek Research International Pvt. Ltd. IACS, Calcutta for some spectra and elemental analyses of a number of compounds mentioned in this thesis.

I feel fortunate to thank my lab colleagues Dr. Gautam Masanta, Ms. Tamushree Sen, Mr. Avik Ranjan Sarkar, Mr. Indrajit Saha, Mr. Tanmoy Sarkar, Mr. Debasis Kar for their heartiest co-operation and also for maintaining a harmonious atmosphere in the laboratory.

My special thank goes to other research scholars of my department and to Dr. Bimal Jana, Dr. Subrata Panja, Mr. Pulakesh Aich of the department of Biochemistry and Biophysics, University of Kalyani, for their extreme cooperation from the beginning of my Ph.D work.

I am highly grateful to Sri Kamini Nath, Dr. Prantosh Roy, Sri Sujit Chakraborty, Dr. Shantirekha Sinha, Sri Basu Kumar Debnath, Sri Nirmal Saha, Sri Surojit Chakraborty, Dr. Ranen Chandra Nath, Sri Suvadip Pal, Sri Raghunandan Das, Sri Abhijit Dutta of Govt. Degree college, Dharmanagar, Dr. Ranendu Kumar Nath, Tripura University, Dr. Kashinath Jana, Tripura University, Dr. Surojit Pathak, University Of Pedova, Italy, Dr.
I like to thank all the boarders of Research Scholars Hall for everything and all the colleagues of my college for their hearties co-operation.

I sincerely thank the CSIR, Ministry of Human Resource and Development, Government of India, New Delhi, who had helped me financially by providing junior and senior research fellowships. I also acknowledge DST, New Delhi, India for financial support in running DST project in our laboratory.

Finally, I take this opportunity to express my profound regards to my parents and my brother who have shared the joys and sorrows during my Ph.D. period and other family members who gave me the courage and continuous inspiration to stride into the realm of higher studies.

Kalyani
