Acknowledgements

The author feels wholeheartedly, a deep sense of respect and gratitude towards Prof. S. C. Lahiri, (Retd., Department of Chemistry, Kalyani University), Scientific Advisor, Central Forensic Science Laboratory, Kolkata for his proper guidance and valuable comments. She is also grateful to Prof. B. GuhaNyogi, Department of Chemistry, Kalyani University for constantly helping and supporting her.

The author is thankful to UGC, New Delhi, Govt. of India for awarding a Teacher Fellowship under College Faculty Improvement Programme. The author feels truly indebted to Dr. D. Bhattacharya, Former Principal, Vivekananda Mahavidyalaya, Haripal, Hooghly for initiating the process for the award of UGC fellowship. The author is also thankful to Dr. B. R. Ghosh, Former Teacher-in Charge, Dr. A. K. Samanta, Principal and the Governing Body, Vivekananda Mahavidyalaya, Haripal, Hooghly for recommending her for a Teacher Fellowship under College Faculty Improvement Program of UGC. The author thanks her colleagues for their constant encouragement.

The author respectfully offers her sincere thanks to Dr. C. N. Bhattacharya, Director, Central Forensic Science Laboratory, Kolkata for allowing her all facilities. She is also thankful to the fellow members of the Central Forensic Science Laboratory, Kolkata for their kind co-operation.

The author’s heart is full of gratitude for her parents, Sri Subal Ch. Pramanick and Smt. SandhyaPramanick, without whom her work would not achieve the desired results. She also wants to convey her thanks to her daughters, Ms. Shipra Sharma & Ms. Soumi Sharma, for their constant support, help and inspiration.

Last, but not the least she thanks her husband, Dr. S. P. Sharma, for his constant support, inspiration and encouragement without which the work would have been a dream to her...
