Acknowledgement

At this pleasant moment of bringing out this work, a sense of solace drives me out to acknowledge the receipt of valuable services that have been showered upon me.

No word of gratitude is sufficient to acknowledge indebtedness to my respected teacher and guide Prof. G. G. Maiti, Department of Botany, University of Kalyani, Kalyani, Nadia, West Bengal for suggesting the problem and rendering constant guidance during the period of this research work. His parental care, encouragement, interest and illuminating discussion in my work has given me an overall inputs to complete this thesis.

My deep sense of gratitude is also extended to my respected teacher and co-guide Prof. S. K. Mukherjee, Department of Botany, University of Kalyani, Kalyani, Nadia, West Bengal for his valuable suggestions and kind help during the course of my work.

I would like to express my gratitude to the Head(s), Department of Botany, University of Kalyani, Kalyani, Nadia, West Bengal, for their encouragement and kind co-operation during the period of this research work.

I gratefully acknowledge all the faculties, Department of Botany, University of Kalyani, Kalyani, Nadia, West Bengal, providing help to me during the tenure of my investigations. Here, I have to remember all the respected teachers for rendering valuable advices and at the same time each and every member of the staffs of this Department, especially Mr. Kima Ch. Bhar, Mr. Ketle Ch. Biswas and Mr. Ajoy Ghosh for extending benevolent co-operation.

I also gratefully acknowledge the help and co-operation which I have received from all of my friends and associated Research Scholars especially Mr. Shakti Prasad Chakraborty, Mr. Bablu Roy, Mr.
Shubhajit Paul, Mrs. Manasi Mondal, Miss Juhina Dutta, Mr. Dhruba Das, Mrs. Mahua Pal, Mrs. Aprajita Bandyopadhyay, Mrs. Sukla Chanda, Mrs. Debosmita Pramanick, Mrs. Irina Bhuinya, Tinku Ghosh and Mr. Sautam Brahma who helped in various way during the course of this research study.

I am deeply indebted to the Director, Botanical Survey of India (BSI), Kolkata, the Deputy Director, Industrial Section Indian Museum, Botanical Survey of India, Kolkata and the Joint Director, Central National Herbarium, P. O. Botanic Garden, Sibipur, Howrah, West Bengal for their kind permissions to consult the herbaria and the libraries.

I am very much grateful and thankful to Dr. Biplab Mukherjee, teacher-in-charge, Dr. Samir Datta, Head of the Department of Botany, Dr. Asimesh Dutta Gupta,, Head of the Department of Chemistry and my colleagues and friends and staffs of Kanchrapara College, North 24 Parganas, West Bengal for their very kind co-operation during my research work.

I also express my sincere thanks to Mr. Soraj Chakraborty of Parichay Computer for typing and printing the thesis with accuracy and care.

I am particularly grateful to my mother, Mrs. Hena Saha, my elder sisters, my brother-in-laws, all of my family members, family friends and above all my father, Late Phani Bhusan Saha, whose blessings, encouragement, inspiration, co-operation, sacrifice and support have made my work possible.
