Acknowledgement

The investigator wishes to express his heartfelt thanks and gratitude to Professor Dr. A. K. Banerjee for his valuable advice, guidance and painstaking supervision during planning and execution of the research programme and preparing the manuscript of the thesis.

He offers sincere thanks to the Director & Secretary, Health & Family Welfare Department, Govt. of West Bengal, for kindly extending the permission of collecting data from Hooghly & Howrah General Hospitals for conducting this study.

The investigator remains thankful to Dr. (Mrs.) K. Banerjee, Head of the Department of Physical Education, University of Kalyani, along with all the teachers and staffs of the department for their cooperation in conducting the research.

The investigator is personally indebted to senior citizen who volunteered themselves as subjects of the study. Special thanks are due to family members of cardiac patients for their help and co-operation during the course of data collection.

He offers sincere thanks to the authorities of Bose Institute, particularly to its Bio-informatics Centre for providing access to internet connectivity in collecting relevant article for review of literature. Thanks are also due to Indian Institute of Chemical Biology; Kolkata, American Centre; Kolkata, Central Library; University of Kalyani, Nadia; Kolkata Metropolitan Institute of Gerontology, Indian Statistical Institute; Kolkata for providing literature support.
Special thanks are due to Hospital super, Physicians, Nurses & record keeping and staff of Immembara Sadhar Hospital, Chinsurah, Hooghly & Howrah District General Hospital, Howrah.

The investigator sincerely thanks Dr. Samir Ranjan Adhikari, Senior Lecturer of S.S. College of Education, Shimurali, Nadia for helping psychological literature support.

The researcher offers his sincere thanks to President, Secretary and Headmaster of Rishra B. K. C. High School for allowing him to conduct the research work while in service.

He offers his sincere thanks to Mr. Subhashis Bhattacharjee for his help in statistical analysis of the data and to Mr. Sankar Chakraborty & Mr. Kamal Das for their co-operation in typing out the thesis within a short period.

Last but not the least, the investigator owes very much to Smt. Sikha Banerjee, wife of my research guide and their daughter Amrita for providing support in all respect. For many hours in a day and for several months the researcher had bothered them in many ways. He will never forget the way hospitality was provided to him. The researcher is indebted very much to his own members of the family—Father, Mother, Uncles, Brother & Sisters for their support and co-operation particularly they kept the researcher free from day-to-day household affairs so that he could concentrate on research work.

Date: 22nd April, 2007
