235 Analysis between Number of Years in the Hotel and Opportunity for better recruitment policy ................................................................. 450
236 Analysis between Number of Years in the Hotel and Opportunity for more incentives ................................................................. 451
237 Analysis between Number of Years in the Hotel and Opportunity for more career opportunities ................................................................. 452
238 Analysis between Number of Years in the Hotel and Opportunity for moving abroad ................................................................. 453
239 Analysis between Number of Years in the Hotel and Opportunity for more motivation ................................................................. 454
240 Analysis between Number of Years in the Hotel and Opportunity for better appropriate process ................................................................. 455
241 Analysis between Number of Years in the Hotel and Opportunity for better appropriate tools and equipments ................................................................. 456
242 Analysis between Number of Years in the Hotel and Opportunity for more support from managers ................................................................. 458
243 Analysis between Number of Years in the Hotel and Opportunity for more support from management ................................................................. 459
244 Analysis between Number of Years in the Hotel and Opportunity for more financial aid/support ................................................................. 460
Analysis between Number of Years in the Hotel and Opportunity for more holidays................................................................. 461

Objective 4

Age of Employee and HR Practices................................................................. 468
Pattern of HR practices for the Age category of Employees to reduce turnover .............................................................................. 469
Designation of Employees and HR Practices ................................................. 470
Pattern of HR practices for the Designation category of Employees to reduce turnover ........................................................................... 471
Experience in the Industry and HR Practices .................................................. 471
Pattern of HR practices for the Experience in the industry category of Employees to reduce turnover ............................................................... 472
Number of years in the hotel and HR Practices ............................................. 473
Pattern of HR practices for the number of years in the hotel category of Employees to reduce turnover ............................................................... 474

Objective 5

HRD Practices sorted in the rank order according to the suitability to reduce labour turnover................................................................. 474
Independent sample test- T test : Demand and supply of manpower gap........ 475
T- test hypothesis 2............................................................................................. 476
Hypothesis 3 - Single proportion test .............................................................. 477
