ACKNOWLEDGEMENT

Research is a never ending acquisition of knowledge or data, which cannot be done solely by any single person without the help of others. Behind every success there are lot many efforts, but efforts are fruitful due to hands making the passage smoother. I express my deep sense of gratitude for hands, people extended to me during my work. At this point of time I feel that the present work would not have been completed by thus far without the blessing of my parents, the able guidance of my teachers, co-operation offered by my friends and the encouragement and support of my well-wishers.

Firstly, I offer my adoration to my almighty, H.D.H Shree Hariprasad Swameeji, who created me, gave me the strength and courage to complete my dissertation and gave me the opportunity to thank all those people through whom his grace was delivered to me. He promised me to make my journey of PhD smoother, and he kept it as he promised. Because of him I can tell that “I might not a genius, but I am blessed and so luckiest in this whole world”

I would also like to thank, P. Suhrad Ben, P. Sarweshwar Ben, P. Sahjik Ben, P. Sheyash Ben, all Sadhvi Saints of Yogi Divine Society, Haridham and Atmiya samaj who gave me constant spiritual and eternal strength wherever and whenever, I required.

From the deepest of my heart to express my thanks, I bow my head to the feet’s of my beloved Parents whose uncompromising life principles, love has been always unshared and showered upon me at all stages of life and giving me more than what I deserved in my life. My whole family have to suffer little bit during my journey of doctorate. However, all of them, my family members Mother in low, Father in low, brother Swayamprakash, sister in low Mruduka, sister Suruchiben and jiju Kalpeshbhai gave me constant warmth and mental support. My Mother and Father gave me unconditional love and support through their spiritual faith over almighty lord Swaminarayan, during my period of frustrations.

I also thankful to my own family members my daughter Pranali and son Suhradam who sacrificed most during my PhD. They had sacrificed all lovely moments and time they deserved, for my PhD. I know many time they felt all alone
due to my busyness during synopsis and thesis writing. One important member of my family Mr. Bhargav Patel my husband, who has supported me throughout this process and has constantly encouraged me when the tasks seemed arduous and insurmountable.

A successful outcome in any research endeavour attributes itself to the selfless guidance of the mentor. First and foremost, I express my deep sense of gratitude and indebtedness to my mentor and esteemed guide Dr. KHANNA SAMRATVIVEKANAND OMPRAKASH without his guidance, kind co-operation, continuous encouragement, timely advice and kind interest, since beginning of my course, I would never have succeeded in accomplishing the work.

I would like to express my cordial thank to Dr. D. B. Shah, Dr. P. S. Sajja, Dr. D. B. Chokshi, Dr. P. V. Virparia, and other faculty & staff members at G. H. Patel Post Graduate Department of Computer Science & Technology, Sardar Patel University for the constant encouragement given in completion of this work with his support and valuable suggestions.

I extend my sincere thanks to Charutar Vidya Mandal and Institute of Science and Technology for Advanced Studies and Research (ISTAR), Sophisticated Instrumentation Centre for Applied Research and Testing (SICART), Vallabh Vidyanagar, for their support without that this endeavor was not possible. It is my pleasure to sincerely acknowledge Dr. Nirmal Kumar J.I., Principal, ISTAR and Dr. A. N. Jani, Director, SICART for encouraging and enthusiastic environment in college that made me accomplish this work successfully.

I cannot forget, Dr. Mohit P. Tahilian, Dr. Nirbhay Chubey and Mr. Pathik Shah who played important role at NWNSIS workshop during my PhD work. A special thanks for your tremendous help.

Finally, last but not least, I am thankful to all those who have helped me in whatsoever manner during this work whom I might have missed inadvertently.
