4.12 Trend Analysis Plot for Income Tax Tamilnadu State Finance (Share of Central Taxes)  
4.13 Trend Analysis Plot for Share of Union Excise and Additional Excise Duties – Tamilnadu State Finance  
4.14 Shows the AMOS output with regression weights of TNSF – Expenditure Mediated Model  
4.15 Posterior frequency polygon distribution of the mediating dimension Social Services (SLS) and the resulting dimension Total Expenditure (TE) regression weight (W5).  
4.16 Posterior frequency polygon distribution of the mediating dimension Social Services (SLS) and the resulting dimension Total Expenditure (TE) regression weight (W5).  
4.17 Posterior trace plot of the TNSF-EXPENDITURE regression model for the mediating dimension Social Services (SLS) and the resulting dimension Total Expenditure (TE) regression weight (W5).  
4.18 Posterior correlation plot of the TNSF-EXPENDITURE regression model for the mediating dimension Social Services (SLS) and the resulting dimension Total Expenditure (TE) regression weight (W5).  
4.19 Two-dimensional surface plot of the marginal posterior distribution of the Total Expenditures (TE) with Social Services (SLS) & General Services GLS W4 & W5.  
4.20 Two-dimensional surface plot of the marginal posterior distribution of the Total Expenditures (TE) with Social Services (SLS) & General Services (GLS) W4 & W5.  
4.21 Two-dimensional plot of the bivariate posterior density for the regression weights Social Services (SLS) to Social Services (SLS) & General Services (GLS) W4 &W5.  
4.22 Shows the AMOS output with regression weights of TN-DESS Mediated Model.  
4.23 Posterior frequency polygon distribution of the mediating dimension Education, Sports & Culture (EDU) and the resulting dimension Developmental Expenditure on Social Services (DESS) regression weight (W8).  
4.24 Posterior frequency polygon distribution of the mediating dimension Education, Sports & Culture (EDU) and the resulting dimension Developmental Expenditure on Social Services (DESS) regression weight (W8).  
4.25 Posterior trace plot of the TN-DESS regression model for the mediating dimension Education, Sports & Culture (EDU) and the resulting dimension Developmental Expenditure on Social Services (DESS) regression weight (W8).
4.26 Posterior correlation plot of the TN-DESS regression model for the mediating dimension Education, Sports & Culture (EDU) and the resulting dimension Developmental Expenditure on Social Services (DESS) regression weight (W8).

4.29 Two-dimensional plot of the bivariate posterior density for the regression weights Education, Sports & Culture (EDU) to Education, Sports & Culture (EDU) & Social Security and Welfare (SSAW) W7 & W8.

4.30 Shows the AMOS output with regression weights of TN-DEES Mediated Model.

4.31 Posterior frequency polygon distribution of the mediating dimension Agriculture & Allied Services (AAS) and the resulting dimension Developmental Expenditure on Economic Services (DEES) regression weight (W17).

4.32 Posterior frequency polygon distribution of the mediating dimension Agriculture & Allied Services (AAS) and the resulting dimension Developmental Expenditure on Economic Services (DEES) regression weight (W17).

4.33 Posterior trace plot of the TN-DEES regression model for the mediating dimension Agriculture & Allied Services (AAS) and the resulting dimension Developmental Expenditure on Economic Services (DEES) regression weight (W17).

4.34 Posterior correlation plot of the TN-DEES regression model for the mediating dimension Agriculture & Allied Services (AAS) and the resulting dimension Developmental Expenditure on Economic Services (DEES) regression weight (W17).

4.37 Two-dimensional plot of the bivariate posterior density for the regression weights Agriculture & Allied Services (AAS) to Agriculture & Allied Services (AAS) & General Economic Services (GES) W16 & W17.
4.38 Shows the AMOS output with regression weights of TNSF-SOTR Mediated Model

4.38a Posterior frequency polygon distribution of the mediating dimension Electricity Duty (SOTR7) and the resulting dimension Total State Own Tax Revenue (TSOTR) regression weight (W11).

4.39 Posterior frequency polygon distribution of the mediating dimension Electricity Duty (SOTR7) and the resulting dimension Total State Own Tax Revenue (TSOTR) regression weight (W11).

4.40 Posterior trace plot of the TNSF-SOTR regression model for the mediating dimension Electricity Duty (SOTR7) and the resulting dimension Total State Own Tax Revenue (TSOTR) regression weight (W11).

4.41 Posterior correlation plot of the TNSF-SOTR regression model for the mediating dimension Electricity Duty (SOTR7) and the resulting dimension Total State Own Tax Revenue (TSOTR) regression weight (W11).

4.42 Two-dimensional surface plot of the marginal posterior distribution of the Total State Own Tax Revenue (TSOTR) with Electricity Duty (SOTR7) & Land Revenue (SOTR4) W11 & W12.

4.43 Two-dimensional surface plot of the marginal posterior distribution of the Total State Own Tax Revenue (TSOTR) with Electricity Duty (SOTR7) & Land Revenue (SOTR4) W11 & W12.

4.44 Two-dimensional plot of the bivariate posterior density for the regression weights Electricity Duty (SOTR7) to Electricity Duty (SOTR7) & Land Revenue (SOTR4) W11 & W12.

4.45 Shows the AMOS output with regression weights of TNSF-SONTR Mediated Model

4.46 Posterior frequency polygon distribution of the mediating dimension State's Own Non-Tax Revenue (SONTR6) and the resulting dimension Total State Own Non-Tax Revenue (TSONTR) regression weight (W7).

4.47 Posterior frequency polygon distribution of the mediating dimension State’s Own Non-Tax Revenue (SONTR6) and the resulting dimension Total State Own Non-Tax Revenue (TSONTR) regression weight (W7).

4.48 Posterior trace plot of the TNSF-SONTR regression model for the mediating dimension State’s Own Non-Tax Revenue (SONTR6) and the resulting dimension Total State Own Non-Tax Revenue (TSONTR) regression weight (W7).
4.49 Posterior correlation plot of the TNSF-SONTR regression model for the mediating dimension State’s Own Non-Tax Revenue (SONTR6) and the resulting dimension Total State Own Non-Tax Revenue (TSONTR) regression weight (W7)

4.50 Two-dimensional surface plot of the marginal posterior distribution of the Total State Own Non-Tax Revenue (TSONTR) with State’s Own Non-Tax Revenue (SONTR6) & State’s own NTR + Grants in Aid from the Centre (SONTR7) W7 & W8.

4.51 Two-dimensional surface plot of the marginal posterior distribution of the Total State Own Non-Tax Revenue (TSONTR) with State’s Own Non-Tax Revenue (SONTR6) & State’s own NTR + Grants in Aid from the Centre (SONTR7) W7 & W8.

4.52 Two-dimensional plot of the bivariate posterior density for the regression weights State’s Own Non-Tax Revenue (SONTR6) to State’s Own Non-Tax Revenue (SONTR6) & State’s own NTR + Grants in Aid from the Centre (SONTR7) W7 & W8.

5.1 Conceptual Model Empirically proved

5.2 Strategic Fiscal Decentralisation Model of TSF
