ACKNOWLEDGEMENTS

Successful completion of any type of project requires help from a number of persons. I have also taken help from different kind of people for the completion of this project. Now there is a little effort to show my deep gratitude to all those persons. It is with great pleasure to express my gratitude to the Supreme power, the Almighty God who is obviously the one that blessed me for this gigantic task. Next to him are my parents and family whom I am greatly indebted for bringing me up with love and encouragement at every step of life.

I owe an enormous debt of gratitude to my supervisor, Prof. S.S Rehal, for his unwavering support, mentorship and kindness throughout the completion of the project. Due to his easy going nature, I was able to discuss frankly the minutest details of the research work. He spared his invaluable time and guided me in my research, failing which my thesis would not have matured satisfactorily. My hearty thanks to the Chairman and other faculty members of faculty for their inspiration and cooperation. I owe my thanks to my husband Mr. Yogesh Goel and my kids Kushagra and Vidushi, without whose support this project would have not been possible at all. My younger sister, Sudha Gupta, in spite of her busy schedule of working as a Deputy Commissioner in Indian Revenue Services, helped me a lot in the process of completion of my
thesis. I also owe my gratitude to my friend **Anita**, for giving me heavy doses of moral support and afflatus.
