ACKNOWLEDGEMENT

I wish the omnipresent God for giving me plentiful strength and insight to pursue and successful completion of the present research. I am grateful to the former and present presidents, Manipal University Jaipur, Prof. Sandeep Sancheti and Prof. G.K Prabhu to provide necessary infrastructural facilities and laboratory for research work. I would like to extend my sincere thanks to Prof. B.K Sharma, Former Dean FOS & RI, Prof. G.C. Tikkiwal, Dean, Faculty of Science, MUJ for providing valuable suggestions. I would also like to thank Prof. A.K Sinha, Former Director and Present Director, Prof. Lalita Ledwani, School of Basic Sciences, MUJ for their kind cooperation and support.

With a vast intellect and pledge, it is difficult to exaggerate my thanks to my honoured supervisor and mentor Dr. Madan Mohan Sharma, Associate Professor & Former Head, Department of Biosciences, Manipal University Jaipur. With his keenness, motivation and immense pains to explain things noticeably and simply, he assisted me to make this meticulous task so trouble-free and interesting. His appropriate and important suggestions, guidance and inspirational efforts helped me to shape up this work inspite of his hectic schedule.

At the moment of accomplishment, I am legitimately grateful to Prof. Amla Batra, Former Emeritus Scientist, CSIR and Head, Department of Botany, University of Rajasthan, Jaipur for her precious suggestions and regular encouragement during the course of this research work, without which, this work would not have been possible.

I am delighted to express my deep sense of gratitude to Dr. Abhijeet Singh, Head, Department of Biosciences, Manipal University Jaipur, for his support, guidance and encouragement without which this work would not have been completed.

I also take this opportunity to thank Dr. Sandeep Shrivastva, Dr. Rohit Jain, Dr. Rakesh Sharma, Department of Biosciences, Dr. Rahul Shrivastva, Department of Chemistry, MUJ for creating an atmosphere favourable for research which helped me a lot during the course of Ph. D. work.

With great pleasure, I express my sincere thanks to my Student Doctoral Committee (SDC) members viz. Prof. Lalita Ledwani, Dr. Abhijeet Singh for their consistent encouragement and guidance to accomplish this task. I also generously thankful to Dr. Pooja Sharma, Dr. Kalpana Sharma (Former and present Ph. D. Coordinator) for their support and cooperation.
With the bottom of my heart, I convey my thanks to Dr. Jitendra Mittal, Mr. Ankit chokriwal, Ms. Juhi Saxena, Mr. Lalit Patidar, Ms. Swati Gupta, Mr. Bjorn John Stephen, Mr. Siddharth, Ms. Mamta Dhiman, Ms. Mamta Pal, Mr. Aman who always supported me with best of their ability as a colleague researcher. I extend my special thanks to Mr. Santosh Bairwa and Mr. Sunil Singh (Former and present Lab. Technicians, Bioscience Laboratories for providing hospitable atmosphere to complete my research work successfully.

I would like to express my affectionate regards and reverence at this moment for my grandparents Late Sh. Deen Dayal Mishra & Late Smt. Vachan Devi who have always been a source of motivation for me.

My deepest and heart touched feeling feel narrow of words in expressing thanks to my father Mr. Dinesh Kumar Mishra whose affection, concern and blessings empowered me with great strength and my mother Mrs. Sunita Mishra whose powerful motivation and devoted interest facilitated me to complete this assignment. I also greatly acknowledge my brother Mr. Abhi Mishra for his constant support and encouragement that help me to gain positive attitude to face every problem.

I would like to extend my sincere gratitude and deep sense of reverence to my Tauji Er. N.K Kaushik, Dr. V.K Kaushik and cousin brother Mr. Yogendra kaushik for their support and guidance throughout.

I also extend my sincere thanks to Late. Sh. L.P Gaur for encouragement and inspired me in every phase of my life. I place on record my sincere thanks to Prof. Mridula Bhatnagar, Mrs. Nidhi Sharma and Mrs. Sunita Puri who has always been source of motivational support and optimistic attitude to face every dilemma.

I would also like to express special thanks to all my colleagues, friends and teaching as well as non-teaching staff who kept my emotional state high during the research.

Last but not least, my work would not have been possible without citing all my family members and other colleagues. I express my profound thanks to complete the research work uninterruptedly.

Date: (Yash Mishra)
