

ACKNOWLEDGEMENT

First and foremost, I would like to express my heartiest gratitude to my honorable and esteemed supervisor **Dr. Deepali Gupta**, Professor and HOD, Department of Computer Science and Engineering, Maharishi Markandeshwar University, Sadopur for her suggestions, guidance and constant encouragement throughout the progress of the thesis. Her consistent support and intellectual guidance inspired me to innovate new ideas. I am greatly indebted to her for reviewing, analyzing the thesis structure and giving me valuable recommendations.

My special thanks go to **Professor Raman Gupta**, Registrar, Maharishi Markandeshwar University, Sadopur, Ambala (Haryana) for their comments and valuable feedback. I would like to pay my sincere regards to the Faculty members of Computer Science and Engineering Department, Maharishi Markandeshwar University, Sadopur, for their invaluable support and blessings, which were a vital necessity for the completion of my thesis work.

Special thanks are due to my Parents S. Surinder Paul Singh and Smt. Avtar Kaur whose love and affectionate blessings have been a constant source of inspiration in making this manuscript a reality and I express my deep sense of appreciation to my wife Mrs. Daljeet Kaur for her cooperation and patience during the completion of my research work. All the thanks are, however, only fraction of what is due to Almighty for granting me an opportunity and the divine grace to successfully accomplish this assignment.
