ACKNOWLEDGEMENT

First of all I thank the Lord Almighty for His blessings which enabled me to complete the project successfully.

I wish to express my sincere gratitude to, Prof. R. Sethuraman, Vice Chancellor, SASTRA University, Thanjavur for providing me an opportunity to do my project work.

I would like to express my deep and sincere gratitude to my research supervisor Dr.R.Manavalan, Professor and Head, Institute of Pharmaceutical Technology, Annamalai University, Chidambaram, whose help, stimulating suggestions and encouragement helped me all the time during the research. His understanding, encouraging and personal guidance have provided a sound basis for the present thesis.

I am greatly indebted to my research co-supervisor Dr.D.Venkappayya, Dean /Examinations, SASTRA University for his continuous guidance, constant encouragement, constructive criticisms and untiring help for the successful completion of my project.

I am deeply grateful to my doctoral committee members Dr.Umamaheswara Reddy, Dr.Manna and Dr.Gopalakrishnan for their detailed and constructive comments and support throughout this work.

My profound thanks to Dr.Subramanian B.S.M.S., Madurai for his suggestion, in selecting the plant.

I owe my special gratitude to Dr.D.Stephen, Taxonomist, American College, Madurai for authentifying this plant.

It is my profound privilege to express my thanks to professor P.Jeyaraman, Chennai for his help throughout the pharmacognostical studies.

I am very much grateful to Dr.K.Prakash, Professor, Department of Pharmaceutical chemistry, K.M.College of Pharmacy, Madurai who sincerely devoted his valuable time to interpret the spectral data.

My warm thanks are also due to Dr. A.J.M.Christina who directed me in lithiatic studies. Her kind support and guidance has been of great value in this study.
I extend my sincere thanks to Dr. Balamurugan, Department of Pharmacology, Annamalai University for his suggestions to complete the pharmacological work.

I would like to gratefully and sincerely thank Dr. Venkatraman, Research Dean, C.L. Baid Metha College of Pharmacy, who continuously motivated, helped and shared ideas regarding this work.

I warmly thank Dr. M. Murali, Research scholar, Sweden for his timely help in collection of literatures.

I owe my loving thanks to my family members and children. Without their encouragement and understanding it would have been impossible for me to finish this work.

K. GEETHA
