Acknowledgements

It is a moment of great pleasure and immense satisfaction for me to express my deep gratitude and gratefulness towards my Guide Dr. V.J. Gaikwad, Professor and Head, Department of Pharmaceutical Sciences, Nagpur, and Co-guide, Dr. M.D. Kshirsagar, for the proficient guidance and incessant and indefatigable effort and time which they bestowed on me to bring about the successful completion of this project. The pleasant experience of working with them and the superb counsel they gave will be remembered and appreciated for a long time to come.

Towards achieving this goal tremendous amount of efforts, time and resources were extended not only on the part of this scholar and his guide and co-guide, but most important on the part of large number of wonderful and especially obliging people. Prominent among them are Dr. Amit K. Antarkar, General Manager, Themis Laboratories Ltd. (R&D Centre), Thane, for providing raw material and making available specialized experimental facilities. and Prof. S.B. Jaiswal who provided continuous support, criticism and encouragement throughout my endeavour.
I am especially thankful to Principal P.S. Kawatikwar and ex-Principal Dr. N.H. Indurwade, Sudhakarrao Naik Institute of Pharmacy, Pusad, for providing laboratory facilities for conducting and completing my research work.

Special appreciations also belong to Shri. Jagdish Wadhwani, Chairman, Yavatmal Zilla Vikas Samiti, for his constant support.

In working to this end, I have also been fortunate in having the assistance of several of my academic and professional colleagues and friends from whom I continuously learnt and who continuously challenged me.

Finally, my biggest debt of gratitude is owed to my wife Varsha, my kids Radhika and Janhavi, my parents Shri. Vishwanath Chandewar and Smt. Sumitra Chandewar and my in-laws Mr. Dnyaneshwarrao and Mrs. Sushila Phalke, for their moral support, inspiration, love and understanding, and above all, patience, that made this work ever possible. To them I dedicate this thesis.

A.V. Chandewar
