ACKNOWLEDGEMENT

I express my sincere indebtedness to Dr. S. Subha Rani, Professor and Head, Department of ECE, PSG College of Technology, Coimbatore, for her guidance, nursing spirit, and innovative thoughts which never go unacknowledged.

My deep obeisance naturally ventilates to my revered Principal, Dr. R. Rudramoorthy, PSG College of Technology, and the Management of PSG & Sons Charity, Coimbatore, for their constant support, encouragement and facilities provided for the completion of the research work.

My sincere thanks to the doctoral committee members Dr. A. Kandaswamy, Professor and Head, Department of BME, PSG College of Technology, Coimbatore, Dr. A. Rajeswari, Professor and Head, Department of ECE, Coimbatore Institute of Technology, Coimbatore and, Dr. V. K. Manoharan, Associate Professor, Department of ECE, PSG College of Technology, Coimbatore for constructive suggestions and sparing their valuable time for improving the work towards the destination.

I thank Dr. B. Manimegalai, Assistant Professor, Dept of ECE, Thiagarajar College of Engineering, Madurai, for rendering immense help, scholarly advice and for abiding interest and concern.

At the end of the long list of people, who have helped me to complete this work, comes the least noticed but most important forces in my life: my wife, my parents, wards, brother, and in-law families who inspired me, cared me, supported me, and loved me through all.
