List of Publications

The following research papers and patents have been published / accepted / forwarded based on the research work contained in this Thesis:

(a) In Journals

(b) Patents

i. Indian patent 1581/MUM/2012 dated May 25, 2012, for the invention on ‘Pharmaceutical Compositions containing Rifampicin using Hot melt extrusion’

ii. Indian patent 3212/MUM/2010 dated November 23, 2010, for the invention on ‘Co-processed excipients & process for preparing the same’

(b) In Conferences / Symposia / Workshop

i. Poster presentation entitled ‘**Development of Fixed dose Combination for Tuberculosis using Hot melt extrusion technology**’ at the Gordon Research Conference on Tuberculosis Drug Development’ held at Barga, Italy (July 2011).

ii. Poster presentation entitled ‘**Development of Extended release formulation of Rifampicin using Melt Extrusion**’ at the AAPS held at Chicago, USA (October 2012).
