List of Tables

Tab. 2.2.1  Comparison of Area under Standard Normal Curve and Standard Moderate Curve  23

Tab. 2.3.1  Comparison of Quartiles, Deciles and Percentiles of SND and SMD  29

Tab. 2.4.1  A Comparison between Normal Distribution and Moderate Distribution  32

Tab. 3.5.1  Comparison Variates as a Measured by $\gamma_1$ and $\gamma_2$  122

Tab. 3.5.2  Some values of ‘$Z$’ corresponding to different values of $\alpha$.  123

Tab. 3.5.3  Comparison of approximations to the Psi-Square D.F.  124

Tab. 5.2.1  Values of % C.V. of different Estimators for Moderate Population  150

Tab. 6.2.1  Rejection Rule at $\alpha$ Level of Significance based on N(0,1)  161

Tab. 6.2.2  Rejection Rule at $\alpha$ Level of Significance based on M(0,1)  161

Tab. 6.3.1  The Critical values for Normal Distribution and Moderate Distribution  167

Tab. 9.5.1  Ratio of M.D. to S.D. for various Truncated Moderate Distributions  201
