Acknowledgements

I would like to express my sincere thanks and deepest sense of gratitude to my guide Dr. Jose D. Kaippallil, Associate professor, Department of Zoology, S.B College, Changanassery for his excellent guidance, invaluable suggestions, critical assessment and constant encouragement throughout my work. His great sense of humanity and understanding, availability and disposition to assist will never be forgotten.

I am also greatly indebted to Dr. G. Pavithran (former Director, HRD, KSEB Thiruvanantapuram) for giving permission to carry out this work in Idukki reservoir, the most prohibited area for public and providing facilities for the successful completion of this work.

I wish to express my great thanks to Biju P.N. (Assistant Chief Executive Engineer, Research and Dam Safety Subdivision, KSEB Cheruthoni) for helping me to complete this study by providing necessary infrastructure and facilities at the reservoir site as well as his valuable suggestions.

I owe a great deal of gratitude to Dr. Fr. Tomy Padinjaravetttil (Principal, S.B. College Changanassery), Dr. Jose P. Jacob (Head, Department of Zoology, S.B. College Changanassery) for providing all facilities, valuable advices and encouragement to carry out this work successfully. I am also grateful to all the teaching staff and research scholars in the Department of Zoology of S.B. College Changanassery for their kind support.

I am greatly indebted to Dr. A.P. Thomas (former Director, School of Environmental Science, M.G. University), Dr. Sylas V.P. (Assistant Professor, School of Environmental Science, M.G. University) for their valuable help and suggestions. My heartiest thanks are also extended to research scholars and non-teaching staff of School of Environmental Science, M.G. University for their timely help and support.

I am deeply indebted to Dr. Joyce V. Thomas (Chief Executive, NETFISH-MPEDA, Cochin) my dear husband for his assistance in the statistical analysis of data and very helpful and meticulous reading of the manuscript with valuable suggestions.
My sincere thanks and gratitude are due to Mary Mathew, (Assistant Engineer, Research and Dam safety Division, KSEB Cheruthoni) and all the engineers and office staff of various departments in KSEB at Cheruthoni for rendering their constant motivation, great paternal sense and support rendered for the sumptuous fulfilment of this research work.

Ineffable thanks are given to Dr. Radhakrishnan P.V. (Scientist, CED, Thiruvananthapuram) and Dr. Chandralekha, C.T. (Department of Botany, Devamatha College, Kuravilangad) for critically going through the manuscript and giving valuable suggestions. I wish to express my sincere thanks to Benny Mathew (Department of English, S.B College, Changanassery), V. Kurian Isaac and T.J. John (former HODs, Department of Zoology, Devamatha College Kuravilangad) for their help and support.

I would like to place on record my immense gratitude and appreciation to Vijaya A.M and family and Dileep T. and family for their constant motivation and support during the entire period of this study.

Words of gratitude are given to Shanmugham M. (skipper of boat ‘Periyar’), Balamurugan V. and Bhavani Raja K. (crew of boat ‘Periyar’) for their invaluable support and help to carry out my data collection onboard. Sincere thanks are also due to all fishermen who helped me for fish collection.

I greatly acknowledge to my relatives and friends for their motivation and creating confidence in me to carry out this work.

Finally and most importantly, I would like to express my most sincere and warmest gratitude to my dear family members - Sebastian Thomas (Father), Annakutty Sebastian (Mother), Dr. Joice V.Thomas (Husband), Sajeev Sebastian (Brother), Sinol Sebastian (Sister) and my baby Johann Thomas Joice for their love, encouragement, patience, perseverance and prayers throughout my study. I think words can never express enough how grateful I am to all of them.

Simimole Sebastian
