**Chapter 1**

**DESIGN OF THE STUDY**

1.1 Introduction ................................. 01
1.2 Statement of the Problem ......................... 04
1.3 Significance of the Study ......................... 08
1.4 Scope of the Study ............................ 09
1.5 Objectives of the Study ......................... 10
1.6 Hypotheses .................................. 11
   1.6.1 Financial Performance ...................... 11
   1.6.2 Customer Service and Satisfaction ........... 12
1.7 Methodology ................................ 13
   1.7.1 Variables used ............................ 14
   1.7.2 Definitions of terms and concepts used in the study ....... 15
   1.7.3 Sample Frame –Selection of sample banks .......... 15
     1.7.3.1 The universe ........................... 15
     1.7.3.2 Sample banks .......................... 16
   1.7.4 Period of study ........................... 16
   1.7.5 Type of data used .......................... 17
     1.7.5.1 Secondary data .......................... 17
     1.7.5.2 Primary data ............................ 17
   1.7.6 Analysis of data ........................... 20
   1.7.7 Tools used for analysis ..................... 21
1.8 Limitations of the study ......................... 22
1.9 Synoptic view of the report ..................... 22

**Chapter 2**

**REVIEW OF EARLIER STUDIES**

2.1 Studies relating to Performance of banks ........... 25
2.2 Studies relating to Customer Service and Satisfaction .... 44

**Chapter 3**

**THEORETICAL FRAMEWORK**

3.1 Introduction .................................. 67
3.2 CAMEL Rating ................................. 69
3.3 Variables used in the study ..................... 70
3.4 Overall performance of banks under FHES Model .......... 71
   3.4.1 Financial health and soundness ................ 71
3.5 Performance Indicators

3.5.1 Capital Adequacy
3.5.1.1 Capital Adequacy Ratio (CRAR)

3.5.1.2 Debt-Equity Ratio (D/E Ratio)

3.5.1.3 Advances to Assets Ratio

3.5.1.4 Investments in Government securities to Total Investments Ratio

3.5.2 Asset Quality
3.5.2.1 Net Non-Performing Assets to Total Assets Ratio (NNPA to TA)

3.5.2.2 Net Non-Performing Assets to Net Advances Ratio (NNPA to NA)

3.5.2.3 Ratio of Total Investments to Total Assets (TI to TA)

3.5.2.4 Percentage change in Net Non Performing Assets (PC in NNPA)

3.5.2.5 Provisions and Contingencies to Total Assets (Prov. and Con. to TA)

3.5.3 Managerial Efficiency
3.5.3.1 Managerial Competency
3.5.3.1.1 Credit Deposit Ratio (CD Ratio)

3.5.3.1.2 Return on Equity (ROE)

3.5.3.2 Employee productivity
3.5.3.2.1 Business per Employee (BPE)

3.5.3.2.2 Profit per Employee (PPE)

3.5.3.3 Branch level productivity
3.5.3.3.1 Profit per Branch (PPB)

3.5.3.3.2 Business per Branch (BPB)

3.5.3.4 Operating efficiency
3.5.3.4.1 Operating expenses to total expenses

3.5.3.4.2 Wage bills to total expenses

3.5.4 Earning Quality
3.5.4.1 Operational performance
3.5.4.1.1 Operating Profits to Average Working Funds

3.5.4.1.2 Burden to Interest Income Ratio

3.5.4.1.3 Operating expenses to Total income Ratio

3.5.4.2 Profitability
3.5.4.2.1 Spread (Net Interest Margin) to Total Assets Ratio

3.5.4.2.2 Net Profit to Average Assets (ROA) Ratio

3.5.4.2.3 Percentage growth in Net profit

3.5.4.3 Source of earnings
3.5.4.3.1 Interest Income to Working fund Ratio

3.5.4.3.2 Non-Interest Income to Total Income Ratio

3.5.5 Liquidity
3.5.5.1 Ratio of Liquid Assets to Total of Demand and Savings Deposits

3.5.5.2 Liquid Assets to Total Deposits Ratio

3.5.5.3 Investment in Government Securities to Total Assets Ratio
Chapter 4
PROFILE OF INDIAN BANKING INDUSTRY ........................................ 95 - 123

4.1 Introduction to Indian Banking Industry ................................. 95
  4.1.1 Origin .............................................................................. 95
  4.1.2 Nationalisation ................................................................. 96
  4.1.3 Banking Sector Reforms ..................................................... 96
    4.1.3.1 Narasingham Committee Report I 1991 ......................... 97
    4.1.3.2 Narasingham Committee Report II 1998 ................. 98
    4.1.3.3 Liberalisation measures ........................................ 99
  4.1.4 Prudential Norms ........................................................... 100
    4.1.4.1 Capital adequacy .................................................... 100
    4.1.4.2 Income recognition .............................................. 101
    4.1.4.3 Asset classification and provisioning norms ........ 101
  4.1.5 Basel Norms –Internationalisation of banks ..................... 102
    4.1.5.1 Basel I ................................................................. 102
    4.1.5.2 Basel II ................................................................. 102
      4.1.5.2.1 Credit Risk .................................................... 103
      4.1.5.2.2 Market Risk .................................................. 103
      4.1.5.2.3 Operational Risk .......................................... 103
      4.1.5.2.4 The Supervisory Review Process ................. 104
      4.1.5.2.5 Market Discipline ....................................... 104
      4.1.5.2.6 Capital Adequacy Ratio- calculation ........ 104
    4.1.5.3 Basel III ............................................................. 105
  4.1.6 Technological Developments ......................................... 105
  4.1.7 Customer Service and Banking Ombudsman Scheme ........ 106
  4.1.8 Growth of banking sector in India .................................. 108

4.2 Overview of Commercial Banking in India ............................. 109
  4.2.1 Banking Structure in India .......................................... 109
  4.2.2 Bank Group-wise Performance in Select Indicators ........... 109
  4.2.3 Share of bank groups in total assets, branches, deposits and
       advances in 2000 and 2011 ........................................ 113

4.3 Profile of Selected Banks .................................................. 114
  4.3.1 State Bank of India ..................................................... 114
  4.3.2 State Bank of Travancore (SBT) ................................... 115
  4.3.3 Punjab National Bank (PNB) ....................................... 116
  4.3.4 Bank of Baroda (BOB) .............................................. 116
Chapter 5
FINANCIAL HEALTH AND SOUNDNESS OF BANKS............. 125 - 186

5.1 Capital Adequacy -------------------------------------------- 127
  5.1.1 Analysis based on Average Ratios------------------------ 128
    5.1.1.1 Bank-wise analysis -------------------------------- 128
    5.1.1.2 Bank group-wise analysis --------------------------- 129
    5.1.1.3 Bank sector-wise analysis--------------------------- 130
  5.1.2 Bank-wise Analysis- Capital adequacy ratios and variations
  among banks after controlling for possible trend over time----- 130
    5.1.2.1 Difference in capital adequacy ratios of banks due to
     time ------------------------------------------------------- 131
    5.1.2.2 Ratio-wise difference in capital adequacy ratios of
     banks due to time------------------------------------------ 131
    5.1.2.3 Difference in capital adequacy ratios of banks after
     controlling for possible variations due to trend over
     time ------------------------------------------------------- 132
    5.1.2.4 Ratio-wise difference in capital adequacy ratios of
     banks after controlling for possible variations due to
     trend over time ------------------------------------------ 132
  5.1.3 Bank group-wise analysis- Capital adequacy ratios and
  variations among banks after controlling for possible
  trends over time------------------------------------------------ 133
    5.1.3.1 Differences in capital adequacy ratios among the three
     bank groups SBG, ONB and NGPB due to time------------------ 133
    5.1.3.2 Ratio-wise difference in capital adequacy ratios among
     bank groups due to time------------------------------------- 134
    5.1.3.3 Differences in capital adequacy ratios of bank groups
     after controlling for possible variations due to trend
     over time ---------------------------------------------- 134
    5.1.3.4 Ratio-wise differences in capital adequacy ratios of
     bank groups ------------------------------------------------ 135
    5.1.3.5 Capital adequacy ratios and bank inter-group
     comparison -------------------------------------------------- 135
    5.1.3.5.1 Difference in capital adequacy performance
     between bank groups------------------------------------------ 135
    5.1.3.5.2 Ratio-wise difference between bank groups
  5.1.4 Bank sector-wise analysis- Capital adequacy ratios and
  variations among PSB and NGPB after controlling for
  possible trend over time-------------------------------------- 137
    5.1.4.1 Difference in capital adequacy ratios between PSB and
     NGPB due to time------------------------------------------- 137
5.1.4.2 Ratio-wise difference in capital adequacy ratios between PSB and NGPB due to time 138
5.1.4.3 Difference in capital adequacy ratios between PSB and NGPB after controlling for possible changes due to trend over time 138
5.1.4.4 Ratio-wise difference in capital adequacy ratios between PSB and NGPB after controlling for possible changes due to trend over time 139
5.1.4.5 Capital adequacy ratios and bank inter-sector comparison 139
5.1.4.6 Ratio-wise difference between PSB and NGPB 140
5.1.5 Overall capital adequacy performance of banks 141

5.2 Asset Quality 142

5.2.1 Analysis based on Average Ratios 143
  5.2.1.1 Bank-wise analysis 143
  5.2.1.2 Bank group-wise analysis 144
  5.2.1.3 Bank sector-wise analysis 145

5.2.2 Bank-wise Analysis- Asset quality ratios and variations among banks after controlling for possible trends over the period of study 145
  5.2.2.1 Difference in asset quality ratios of banks due to time 145
  5.2.2.2 Ratio-wise difference in asset quality ratios of banks due to time 146
  5.2.2.3 Difference in asset quality ratios of banks after controlling for possible variations due to trend over time 147
  5.2.2.4 Ratio-wise difference in asset quality ratios of banks after controlling for possible variations due to trend over time 148

5.2.3 Bank group-wise analysis- Asset quality ratios and variations among bank groups after controlling for possible trends over time 148
  5.2.3.1 Differences in asset quality ratios among the three bank groups SBG, ONB and NGPB due to time 148
  5.2.3.2 Ratio-wise difference in asset quality ratios among bank groups due to time 149
  5.2.3.3 Differences in asset quality ratios of bank groups after controlling for possible variations due to trend over time 150
  5.2.3.4 Ratio-wise differences in asset quality ratios of bank groups 150
  5.2.3.5 Asset quality ratios and bank inter-group comparison 151
    5.2.3.5.1 Difference in asset quality performance between bank groups 151
    5.2.3.5.2 Ratio-wise difference between bank groups 151

5.2.4 Bank sector-wise analysis- Asset quality ratios and variations among PSB and NGPB after controlling for possible trends over time 153
5.2.4.1 Difference in asset quality ratios between PSB and NGPB due to time
5.2.4.2 Ratio-wise difference in asset quality ratios between PSB and NGPB due to time
5.2.4.3 Difference in asset quality ratios between PSB and NGPB after controlling for possible changes due to trend over time
5.2.4.4 Ratio-wise difference in asset quality ratios between PSB and NGPB after controlling for possible changes due to trend over time
5.2.4.5 Asset quality ratios and bank inter-sector comparison
5.2.4.6 Ratio-wise difference between PSB and NGPB

5.2.5 Overall Asset Quality Performance of Banks

5.3 Liquidity Position of Banks

5.3.1 Analysis based on average ratios
5.3.1.1 Bank-wise analysis
5.3.1.2 Bank group-wise analysis
5.3.1.3 Bank sector-wise analysis

5.3.2 Bank-wise analysis- Liquidity ratios and variations among banks after controlling for possible trends over the period of study
5.3.2.1 Difference in liquidity ratios of banks due to time
5.3.2.2 Ratio-wise difference in liquidity ratios of banks due to time
5.3.2.3 Difference in liquidity ratios of banks after controlling for possible variations due to trend over time
5.3.2.4 Ratio-wise difference in liquidity ratios of banks after controlling for possible variations due to trend over time

5.3.3 Bank group-wise analysis- Liquidity ratios and variations among banks after controlling for possible trends
5.3.3.1 Differences in liquidity ratios among the three bank groups SBG, ONB and NGPB due to time
5.3.3.2 Ratio-wise difference in liquidity ratios among bank groups due to time
5.3.3.3 Differences in liquidity ratios of bank groups after controlling for possible variations due to trend over time
5.3.3.4 Ratio-wise differences in liquidity ratios of bank groups
5.3.3.5 Liquidity ratios and bank inter-group comparison after controlling for possible variations due to trend over time

5.3.4 Bank Sector-wise analysis- Liquidity ratios and variations among PSB and NGPB after controlling for possible trends over time
5.3.4.1 Difference in liquidity ratios between PSB and NGPB due to time ................................................................. 167
5.3.4.2 Ratio-wise difference in liquidity ratios between PSB and NGPB due to time ......................................................... 168
5.3.4.3 Difference in liquidity ratios between PSB and NGPB after controlling for possible changes due to trend over time .................................................................................. 169
5.3.4.4 Ratio-wise difference in liquidity ratios between PSB and NGPB after controlling for possible changes due to trend over time .................................................................................. 170
5.3.4.5 Liquidity ratios and bank inter-sector comparison .......................................................... 170
5.3.4.6 Ratio-wise difference between PSB and NGPB .......................................................... 171
5.3.5 Overall liquidity performance of banks ............................................................................. 172

5.4 Growth Performance of Banks .......................................................................................... 172
5.4.1 Analysis based on average ratios ..................................................................................... 173
5.4.1.1 Bank-wise analysis ............................................................................................................. 174
5.4.1.2 Bank group-wise analysis ............................................................................................... 174
5.4.1.3 Bank sector-wise analysis ............................................................................................... 175
5.4.2 Bank wise-analysis- Growth rates and variations among banks after controlling for possible trends over the period of study ..................................................................................... 175
5.4.2.1 Difference in growth rates of banks due to time .................................................................. 175
5.4.2.2 Indicator-wise difference in growth rates of banks due to time ........................................... 176
5.4.2.3 Difference in growth rates of banks after controlling for possible variations due to trend over time .......................................................................................................................... 177
5.4.2.4 Indicator-wise difference in growth rates of banks after controlling for possible variations due to trend over time .......................................................................................................................... 177
5.4.3 Bank group-wise analysis- Growth rates and variations among banks after controlling for possible trends over the period of study ..................................................................................... 178
5.4.3.1 Differences in growth rates among the three bank groups SBG, ONB and NGPB due to time ........................................................................................................................................ 178
5.4.3.2 Indicator-wise difference in growth rates among bank groups due to time ...................... 179
5.4.3.3 Differences in growth rates of bank groups after controlling for possible variations due to trend over time .......................................................................................................................... 179
5.4.3.4 Indicator-wise differences in growth rates of bank groups .............................................. 180
5.4.3.5 Growth performance and bank inter-group comparison ................................................ 180
5.4.3.5.1 Difference in growth rates between bank groups ........................................................ 180
5.4.3.5.2 Indicator-wise difference between bank groups ............................................................ 181
5.4.4 Bank sector-wise analysis- growth rates and variations among PSB and NGPB after controlling for possible trend over time..................................................................................... 182
5.4.4.1 Difference in growth rates between PSB and NGPB due to time ........................................ 182
5.4.4.2 Indicator-wise difference in growth rates between PSB and NGPB due to time ..................... 183
5.4.4.3 Difference in growth rates between PSB and NGPB after controlling for possible changes due to trend over time .................................................................183
5.4.4.4 Indicator-wise difference in growth rates between PSB and NGPB after controlling for possible changes due to trend over time ........................................184
5.4.4.5 Growth rates and bank inter-sector comparison ............................184
5.4.4.6 Indicator-wise difference between PSB and NGPB due to time ........185
5.4.5 Overall Growth Performance of Banks ........................................186

Chapter 6
MANAGERIAL EFFICIENCY AND EARNINGS QUALITY OF BANKS ........187 - 223

6.1 Managerial Efficiency of Banks ......................................................188
6.1.1 Analysis based on Average Ratios .............................................190
  6.1.1.1 Bank-wise analysis ..................................................................191
  6.1.1.2 Bank group-wise analysis ......................................................193
  6.1.1.3 Bank sector-wise analysis .......................................................193
6.1.2 Bank-wise Analysis- Managerial efficiency ratios and variations among banks after controlling for possible trend over the period of study ........................................194
  6.1.2.1 Difference in managerial efficiency ratios of banks due to time ......194
  6.1.2.2 Ratio-wise difference in managerial efficiency ratios of banks due to time .................................................................195
  6.1.2.3 Difference in managerial efficiency ratios of banks after controlling for possible variations due to trend over time .........................................................196
  6.1.2.4 Ratio-wise difference in managerial efficiency ratios of banks after controlling for possible variations due to trend over time .........................................................196
6.1.3 Bank group-wise analysis- Managerial efficiency ratios and variations among banks after controlling for possible trend over the period of study ........................................197
  6.1.3.1 Differences in managerial efficiency ratios among the three bank groups SBG, ONB and NGPB due to time .................................197
  6.1.3.2 Ratio-wise difference in managerial efficiency ratios among bank groups due to time .................................................................198
  6.1.3.3 Differences in managerial efficiency ratios of bank groups after controlling for possible variations due to trend over time .........................................................198
  6.1.3.4 Ratio-wise differences in managerial efficiency ratios of bank groups .................................................................199
  6.1.3.5 Managerial efficiency ratios and bank inter-group comparison after controlling for possible variations due to trend over time .........................................................199
6.1.3.5.1 Difference in managerial efficiency performance between bank groups
6.1.3.5.2 Ratio- wise difference between bank groups

6.1.4 Bank sector- wise analysis- Managerial efficiency ratios and variations among PSB and NGPB after controlling for possible trends over time
6.1.4.1 Difference in managerial efficiency ratios between PSB and NGPB due to time
6.1.4.2 Ratio- wise difference in managerial efficiency ratios between PSB and NGPB due to time
6.1.4.3 Difference in managerial efficiency ratios between PSB and NGPB after controlling for possible changes due to trend over time
6.1.4.4 Ratio- wise difference in managerial efficiency ratios between PSB and NGPB after controlling for possible changes due to trend over time
6.1.4.5 Managerial efficiency ratios and bank inter- sector comparison
6.1.4.6 Ratio- wise difference between PSB and NGPB

6.1.5 Overall Managerial Efficiency Performance of Banks

6.2 Earnings Quality of Banks

6.2.1 Analysis based on Average Ratios
6.2.1.1 Bank -wise Analysis
6.2.1.2 Bank group- wise analysis
6.2.1.3 Bank sector- wise analysis

6.2.2 Bank-wise Analysis- Earnings quality ratios and variations among banks after controlling for possible trends over time
6.2.2.1 Difference in earnings quality ratios of banks due to time
6.2.2.2 Ratio-wise difference in earnings quality ratios of banks due to time
6.2.2.3 Difference in earnings quality ratios of banks after controlling for possible variations due to trend over time
6.2.2.4 Ratio-wise difference in earnings quality ratios of banks after controlling for possible variations due to trend over time

6.2.3 Bank group-wise analysis- earnings quality ratios and Variations among banks after controlling for possible trend over the period of study
6.2.3.1 Differences in earnings quality ratios among the three bank groups SBG, ONB and NGPB due to time
6.2.3.2 Ratio- wise difference in earnings quality ratios among bank groups due to time
6.2.3.3 Differences in earnings quality ratios of bank groups after controlling for possible variations due to trend over time
6.2.3.4 Ratio- wise differences in earnings quality ratios of bank groups
6.2.3.5 Earnings quality ratios and bank inter group comparison after controlling for possible variations due to trend over time .......................... 216
6.2.3.5.1 Difference in earnings quality performance between bank groups .................................. 216
6.2.3.5.2 Ratio -wise difference between bank groups ................. 217
6.2.4 Bank sector-wise analysis- Earnings quality ratios and variations among PSB and NGPB after controlling for possible trends over time .......................... 218
6.2.4.1 Difference in earnings quality ratios between PSB and NGPB due to time .................................. 218
6.2.4.2 Ratio -wise difference in earnings quality ratios between PSB and NGPB due to time .................. 219
6.2.4.3 Difference in earnings quality ratios between PSB and NGPB after controlling for possible changes due to trend over time .................................. 220
6.2.4.4 Ratio -wise difference in earnings quality ratios between PSB and NGPB after controlling for possible changes due to trend over time .......................... 220
6.2.4.5 Earnings quality ratios and bank inter-sector comparison ........ 221
6.2.5 Overall Earnings Quality Performance of Banks .......................... 222

Chapter 7
SOCIAL BANKING PERFORMANCE ................................................. 225 - 240

7.1 Analysis based on Average Ratios ........................................... 226
7.1.1 Bank -wise analysis .......................................................... 226
7.1.2 Bank group -wise analysis .................................................. 227
7.1.3 Bank sector- wise analysis .................................................. 227

7.2 Bank wise Analysis- Social commitment ratios and variations among banks after controlling for possible trends over the period of study ........................................ 228
7.2.1 Difference in social commitment ratios of banks due to time .................................................. 228
7.2.2 Ratio -wise difference in social commitment ratios of banks due to time ........................................ 229
7.2.3 Difference in Social commitment ratios of banks after controlling for possible variations due to trend over time ........................................ 230
7.2.4 Ratio -wise difference in social commitment ratios of banks after controlling for possible variations due to trend over time ........................................ 230

7.3 Bank Group-wise Analysis- Social commitment ratios and variations among banks after controlling for possible trend over time ........................................ 231
7.3.1 Differences in social commitment ratios among the three bank groups SBG, ONB and NGPB due to time ........................................ 231
7.3.2 Ratio-wise difference in social commitment ratios among bank groups due to time ------------------------ 232
7.3.3 Differences in social commitment ratios of bank groups after controlling for possible variations due to trend over time --------------------------------------------- 233
7.3.4 Ratio-wise differences in social commitment ratios of bank groups -------------------------------------- 233
7.3.5 Social commitment ratios and bank inter-group comparison after controlling for possible variations due to trend over time --------------------------------------------- 234
7.3.5.1 Difference in social commitment performance between bank groups -------------------------------------- 234
7.3.5.2 Ratio-wise difference between bank groups ------------------------------- 235
7.4 Bank Sector-wise Analysis - Social commitment ratios and variations among PSB and NGPB after controlling for possible trend over time ----------------------------------- 236
7.4.1 Difference social commitment ratios between PSB and NGPB due to time ----------------------------------- 236
7.4.2 Ratio-wise difference in social commitment ratios between PSB and NGPB due to time ----------------- 237
7.4.3 Difference in social commitment ratios between PSB and NGPB after controlling for possible changes due to trend over time ---------------------------------------- 238
7.4.4 Ratio-wise difference in social commitment ratios between PSB and NGPB after controlling for possible changes due to trend over time ---------------------------------------- 238
7.4.5 Social commitment ratios and bank inter-sector comparison --------------------------------------------- 239
7.4.6 Ratio-wise difference between PSB and NGPB ------------------- 239
7.5 Overall Social banking performance of banks----------------------------------------------- 240

Chapter 8
CUSTOMER SERVICE AND SATISFACTION ........................................ 241 - 313

8.1 Demographic Profile and Customer Perception -------------------------- 241
8.1.1 Demographic profile of respondents and preference for bank group ---------------------------------------- 242
  8.1.1.1 Type of Bank and Age of the respondent ---------------------------------------- 242
  8.1.1.2 Type of bank and Gender ----------------------------------------------- 243
  8.1.1.3 Type of bank and Education status ---------------------------------------- 244
  8.1.1.4 Type of bank and Occupation ----------------------------------------------- 245
  8.1.1.5 Type of bank and Monthly income ---------------------------------------- 246
8.1.2 Demographic status of respondents, length of relationship with the favourite bank and preference for bank groups -------- 247
  8.1.2.1 Location of the bank and length of relationship with the favourite bank ---------------------------------------- 247
8.1.2.2 Type bank and length of relationship with bank --------- 248
8.1.2.3 Type of bank, Age and Length of relationship with the favourite bank--------------------- 249
8.1.2.4 Type of bank, Gender and length of relationship with the bank-------------------------------------- 251
8.1.2.5 Type of bank, education status, length of relationship with bank ------------------------------- 252
8.1.2.6 Type of bank, Occupation and Length of relationship with the favourite bank--------------------- 253
8.1.2.7 Type of bank, Monthly income, Length of relationship --------253

8.1.3 Respondents having banking activities with banks other than their favourite bank -------------------------- 254

8.1.4 Factors mostly influencing the respondents while selecting their favourite bank -------------------------- 255

8.1.5 Type of bank and purpose of opening accounts 257
8.1.5.1 Type of bank and type of account with the bank ------------------------------------------ 257
8.1.5.2 Type of bank and purpose of opening an account with the bank ------------------------------------- 258
8.1.5.3 Type of bank, saving purpose and reason for selecting the bank ------------------------------ 259
8.1.5.4 Type of bank, loan purpose and type of loan availed 260

8.1.6 Aspects considered while obtaining loan from a bank 261
8.1.6.1 Aspects considered by the respondents ------------------------------------------ 261
8.1.6.2 Inter-group comparison -------------------------------- 264

8.1.7 Type of bank and switching over loan from one bank to another bank ------------------------------- 264
8.1.7.1 Switching over of loans -------------------- 264
8.1.7.2 Type of bank and reason for switching over the loan from one bank to another --------------- 265

8.1.8 Entry of NGPB and the service of PSB --------------------------------- 266

8.2 Customer Satisfaction 267

8.2.1 Upkeep of premises and infrastructural facilities 268
8.2.1.1 Bank -wise analysis ------------------ 268
8.2.1.2 Bank group- wise analysis --------------------------------- 269
