ACKNOWLEDGEMENTS

Words cannot express the author’s profound gratitude to her guide, Dr. G. Uma, Associate Professor, Power Electronics division, Department of Electrical and Electronics Engineering, Anna University, Chennai for her constant encouragement, invaluable guidance, advice and magnanimous help throughout the duration of this research work.

The author is deeply indebted to Dr. S. Usa, Head of the Department, Department of Electrical and Electronics Engineering, Anna University, Chennai for providing the necessary facilities for carrying out this research work. The author also expresses her deep sense of gratitude to the Doctoral Committee members, Dr. K. Manivannan, Professor, Department of Electrical and Electronics Engineering, Pondichery Engineering College and Dr. M. Subbaih, Professor, Department of Electrical and Electronics Engineering, Rajalakshmi Engineering College, Chennai for their guidance and spontaneous help throughout the course of her research.

The author gratefully acknowledges the authorities of R.M.K. Engineering College and her colleagues for their help and support.

The author records her heartfelt gratitude to all the members and non teaching staff of Department of Electrical and Electronics Engineering, Anna University, Chennai for their help during the research work.

Last but not the least, the author acknowledges her husband Mr. M. K. Gopinath, daughter M. G. Vishali, son M. G. Gauthaam and her mother Ms. S. G. Vasantha, other family members and friends for their affection, patience and moral support extended to her for carrying out this research work.

M.G. UMAMAHESWARI
