ACKNOWLEDGEMENT

I express my sincere thanks and deep sense of gratitude to my guide Dr.R.SIVASUBRAMANIAN, Assistant Professor, Department of Mechanical Engineering, Coimbatore Institute of Technology, Coimbatore, for his continuous supervision and encouragement in carrying out my research. His kindness and patience have helped me a long way in the successful completion of this work.

I would also like to thank my Ph.D Doctoral Committee Members Dr.V.JAYABALAN and Dr.K.M.MOHANASUNDARAM for providing valuable comments and suggestion on this work.

I express my sincere thanks to Dr.R.PRABHAKAR, Principal, Coimbatore Institute of Technology, for his constant encouragement and support provided during the research work.

I am indebted to thank Dr.V.SELLADURAI, Professor and Head, Department of Mechanical Engineering for his valuable suggestion and technical advice which helped me in improving research work.

I offer my special thanks to Dr.N.GUNASEKARAN, Principal, Angel College of Engineering and Technology, Tiruppur for his valuable advice and opinion during the period of this thesis write up.I wish to express my sincere gratitude to Dr.N.KUPPUSWAMY, Principal, Maharaja Engineering College, Avinashi, for the help and constant encouragement he offered.

I express my appreciation, admiration and affection for my son Er.R.NIVAS. Finally I feel morally obliged to appreciate the indomitable spirit of my wife Mrs. R.CHITRA whose support sustained me.

V.RAMALINGAM
