ACKNOWLEDGEMENT

I first praise and thank god almighty for giving me abundant grace, knowledge and above all the fortune of getting a few teachers, who have been my real Gurus, my family members and my friends who had moulded me, to aim high.

I would like to thank the many people who assisted me in the creation of this thesis. Although it is not possible to give specific thanks to the multitude of individuals who have kindly helped over the years, particular credit must be given to my guide Prof. Jayashree Acharya for her dedicated expert guidance, great enthusiasm, patience, scholastic attitude and affection which has enabled me to translate my thoughts into this dissertation and without whom the successful accomplishment of this study would be impossible.

I wish to record my deep sense of gratitude to Dr. Binu George Varghese for his kind cooperation throughout the study.

Ashutosh Acharya, Ph.D scholar deserves a special note of thanks for his help for statistical analysis and discussion. My sincere thanks to Mr. V. Baiju for helping me with the statistics aspect of the study.

Mrs. Sreekala KG and Mrs. Babitha Mathews deserves special notes of Thanks for helping me during the course of this work.

My sincere thanks to the subjects of my study that is the National Level Athletes from various disciplines for patiently filling up the questionnaires.

For the immense love and support from my family (Husband Mr. Ashok Kumar, Mother Mrs. Omana Menon, Mother in Law Mrs. Mohana Padmanabhan, Brothers Amar and Achu, Children Ankit and Ayush), I record here by, warm appreciation as they have been repeated source of inspiration and my guiding source.

ANJALI. O
