ACKNOWLEDGEMENT

I express my heartfelt thanks and profound sense of gratitude to Dr. P. Devadas Manoharan, Professor, Department of Civil Engineering, Anna University, for his valuable guidance, constant motivation and advice.

I sincerely thank Dr. A. M. Thirumurthy, Professor and Head, Department of Civil Engineering and Dr. M. Sekar, Professor and Head, Structural Engineering Division, College of Engineering Guindy, Anna University for the support and valuable help.

I sincerely thank Dr. G. M. Samuel Knight, Professor, Department of Civil Engineering, Anna University and Dr. M. Neelamegam, Deputy Director, Composite Laboratory, SERC, Chennai for their valuable guidance, constant motivation and advice as members of Doctoral Committee.

I thank the authorities of Anna University for permitting me to carry out the research work in Structural Engineering Division, College of Engineering Guindy, Anna University.

Thanks are also due to Mr. P.K. Prabukumar, Senior Lecturer in Civil Engineering, Anna University and all the Teaching Research Associates of Structural Engineering Division for the help rendered during the experimental investigations.

I express my gratitude to my grand father Mr. T. Ganapathy, who has been a constant source of inspiration throughout my life. I express my gratitude to my parents and other family members for their constant encouragement throughout the period of the research work.

M. RAMESH KUMAR
