ACKNOWLEDGEMENTS

Availing this opportunity, I express my sincere thanks and gratitude to everyone who helped to make the present thesis a reality.

To my respected supervisor Dr. Komal Kamra, Department of Zoology, SGTB Khalsa College, University of Delhi, Delhi, I am extremely indebted for giving me the opportunity to work under her guidance. I am grateful to her for being an invaluable and constant support throughout the tenure of the work with her constant supervision and healthy criticism. She with her compassion and devotion has always motivated and helped me in my professional as well as personal growth.

Special thanks are due to Dr. G.S. Virdi, S. J.S. Arora and Dr. Laxmi Narula for supportive, inspirational and kind words as encouragement.

My sincere thanks and regards to Dr. Jaspinder Singh, Principal, Sri Guru Tegh Bahadur Khalsa College, University of Delhi, Delhi, for providing necessary research facility.

I also thank Prof G.R. Sapra whose keen interest and constant encouragement given during this investigation is greatly acknowledged.

I thank Prof. Rup Lal, Department of Zoology, University of Delhi, for allowing me to access the facilities that were necessary for my research work.

I thank Prof A K Singh, Head, Department of Zoology, for his consent on my thesis work.

I thank Prof. R. Geeta, Department of Botany, University of Delhi, for providing me assistance and support.

I am thankful to all my family members for their constant inspiration, understanding and cooperation. To my wife, Iqbal Kaur, I have no words to express my gratefulness for her patience, encouragement, understanding, assistance and support. She has been my strength in many endeavours of life including this thesis work.

I thank all my colleagues in Sri Guru Tegh Bahadur Khalsa College, University of Delhi, Delhi, for their constant support. Their good wishes have constantly motivated me to pursue my research goals.
My sincere thanks are extended to my friends, Gaganjot, Anjali, Jaspreet, Swati, Devi Lal, Mansi, Santosh, Daizy, Puneet, whose support during the tenure of my study has been immeasurable.

I am thankful to Sushil, Prem and Ashok, laboratory staff members, Department of Zoology, SGTB Khalsa college for their cooperation and assistance throughout the course of this work.

I would like to acknowledge Department of Biotechnology for awarding me research fellowship during the period of my research study.

(Jasbir Singh)
