Acknowledgements

It is with all sincerity and regards that I express my deep sense of gratitude to my research supervisor, Dr. S. Sugunan, Professor in Physical chemistry, Department of Applied Chemistry, Cochin University of science and Technology, Kochi-22, for his meticulous guidance, pertinent encouragement, inspiring discussions and valuable suggestions throughout this investigation. During my research period, he has given me the much needed boost and showed a very good direction to my career. His subtle teachings have broadened my knowledge in the area of heterogeneous catalysis and has given me more confidence to explore new frontiers. I will ever remain to him for his inspiring guidance, wise counsel, unfailing attention and suggestions which led to the accomplishment of my research with very successful.

It is my pleasant duty to express my greatfulness and sincere thanks to Prof. P. Madhavan Pillai, Head of Applied Chemistry for providing the necessary facilities for my work and for his affectionate encouragement. I am equally indebted to all other teachers of my department for their inspirations and timely help for my work.

I earnestly thank Dr. J Thomas, Associate professor and Head, and Dr. Samuel Joseph, Professor, Aromatic and Medicinal Plants Research Station, Odakkaly, Govt. of Kerala, for providing facilities for GC analysis in the phytochemical Laboratory.

I wish to thank Prof. C.S.Swamy, Coordinator, Catalysis Division, Indian Institute of Technology, Madras for providing me with the BET data for surface area determination and authorities of the regional Sophisticated Instrumentation Centre, IIT.
Madras for providing the ESR spectral data. I am also privileged to acknowledge my thanks to Dr. Lalithambika for their help in providing me BET surface area data in timely.

It gives me immense pleasure to express my heartfelt thanks to my fellow research scholars, Bina Varghese, Bindhu Jacob, T.M. Jyothi, K. Sreekumar, C.R. Seena, N.K. Renuka and C.G. Ramankutty for their warmth encouragement and cooperation and timely help.

I feel extremely happy to thank my friends, office staffs and well wishers of the Dept. of Applied Chemistry for their help. I owe a special regards to Dr. P.A. Unnikrishnan for his sincere help in finishing my thesis work. I pay my respect to my seniors for their willing help, friendly encouragement and unstinted support during my research period.

I must gratefully Acknowledge Mr. Binoy Jose, Mr.K. Sreekumar and Ms. N.K. Renuka, for their valuable help in typing my thesis. I have been fortunate in having their willing help and continuous encouragements at all stages of my work.

Financial assistance from CSIR New Delhi during my junior research fellowship is gratefully acknowledged.

I Would like to record my deep felt affection, thanks and love to my beloved parents, brothers and sisters for their unmitigated encouragement, unflinching support, love and prayers which really have been the catalyst for what I am today.
It is with all sincerity and special regards that I express my deep sense of gratitude to my colleagues in the chemistry department of Bharata Mata College, Thrikkakara, Kochi-21 for their cooperation and timely help.

Last, but not the least, I remember my cordial friends, Jinny, Sajan, Murali, Indulekha, Sabu, Shaji and Nelson for their words of encouragement during my travails. Special regards to my beloved parents, sisters and brothers for their constant and affectionate encouragements, love and care which proved to be very essential.

Finally, it gives me pleasure to express my heart-felt gratitude to all those who have been there all the while during my research period, lending their help in every possible way to come out of the course with flying colours.

ANTO PAUL
