ACKNOWLEDGEMENT

It is indeed an onerous task for me to thank all those who helped me in one way or the other in conducting my research work. As a matter of fact, anyone who has ever undertaken such a project knows the disappointment of not being able to express his/her gratitude to a large number of people who contribute to the success of the project. It has become double difficult for me as I have had the good fortune of getting enormous help from different quarters, without which this thesis would not have been a reality. So, on this occasion of submitting my thesis, my heartfelt thanks and gratitude are due to all of them.

First and foremost, I deeply express my profound gratitude and sincere thanks to Dr Abhaya R Joglekar Professor, Dr. R B Govt. Navin Kanya College Raipur (CG), my learned supervisor without whose generous assistance able guidance, it would have been impossible on my part to complete this thesis.
I gratefully acknowledge to my Co-Supervisor Dr S K Bharadwaj Principal Govt. D T College, Utai Durg (CG), for the inspiration, support, encouragement and valuable advice given during the course of work, without whose competent supervision, the present work could never have completed in this present form and within the time duration. Notwithstanding the several demands on her time apart from her regular academic functions, she has found it possible to guide me in right earnest.

I would like to express my profound gratitude to Dr Deepak Karkoon, Principal Govt. Dr. W W Patankar Girls PG College, Durg (Cg), for providing all the necessary facilities related to research work. I am really indebted.

I express my heartfelt sentiment and special thanks to my father Shri M L Jain, my mother Smt Padma Jain, my younger sister Anjali Jain and relatives for their participation and support throughout the research work.

I am indebted to my sir late Shri M N Sharma who left behind them sufficient to inspire me to work with sincerity.
I wish to express my gratitude to all the faculty member of Home Science faculty of Govt. Dr W W Patankar Girls PG College, Durg (CG) for her suggestive advice during research work, cooperation and well wishes.

I am also thankful to Dr Reeta Venugopal, Smt Mamta R Deo, Dr Pratijna Pradhan, and Dr Abhilasha Tiwari who have made direct or indirect contribution towards the completion of this thesis.

My special thanks to all the Teachers and children of the schools who participated in this study, without whose cooperation this work could not have been done.

Finally with folded hands and knees bent before the Almighty to thank him for the continuous graces and blessings he showered on me as I tread through this path of service to humanity.
