Acknowledgements

With pleasure, I placed on record my sincere gratitude to my supervising guide Dr. Asha Gopalakrishnan, Reader, Department of Statistics, Cochin University of Science and Technology for the enthusiastic guidance, support and steadfast encouragement for the successful completion of the research work.

I am obliged to Dr. N. Balakrishna, Professor and Head and Dr. K.R. Muraleedharan Nair, Professor and Former Head, Department of Statistics, Cochin University of Science and Technology for the extensive support and encouragement given to me.

I also wish to express my profound gratitude to all the faculty members of the Department of Statistics, Cochin University of Science and Technology for their timely advice and suggestions during the entire period of my research.

I remember with deep gratefulness all my former teachers.

The amity with my fellow researchers and friends was stimulating, inspirational and enriching. I owe each and every one of them, who helped and motivated me whenever it is needed.

I express my earnest gratitude to the non-teaching staffs, Department of Statistics, Cochin University of Science and Technology for the co-operation and help they had rendered.

I am deeply indebted to my family and relatives for their patience, sacrifice, encouragement, prayers and immense support given to me, without which I would not be able to fulfill this work.

I express my heartfelt thanks to the University Grants Commission and Council of Scientific and Industrial Research, Government of India, for the financial support extended by them.

Above all, I bow before the grace of the Almighty.

Jagathnath Krishna K.M.
