ACKNOWLEDGEMENT

The author expresses his deep sense of gratitude and sincere thanks to his research supervisor Dr. S. Balasivanandha Prabu, Associate Professor, Department of Mechanical Engineering, Anna University Chennai, for his keen interest, valuable guidance and constant encouragement given throughout the entire duration of his research programme.

The author also wishes to thank Dr. S. Sampath Kumar, Head and Professor, Department of Mechanical Engineering, CEGC, Anna University Chennai, and Dr. G. Thanigaiyarasu, Professor, Department of Mechanical Engineering, CEGC, Anna University Chennai, for providing all the moral and institutional support and encouragement for this research work.

The author expresses his sincere thanks to Dr. Kesavan Nair, Professor, Department of Materials and Metallurgical Engineering, Indian Institute of Technology Madras, Chennai-28, for the moral support and guidance of his research work, and also sincere thanks to Dr. L. Karunamoorthy, Professor, Department of Mechanical Engineering, CEGC, Anna University Chennai, for encouragement for his research work.

The author thanks Mr. R. Prabu and Mr. Nepolian, Post graduate students, Department of Mechanical Engineering, Anna University Chennai, for their support during his experimental work. The author finally thanks his parents and his sisters for motivating him with their patience, sacrifice and love.
