ACKNOWLEDGEMENT

This piece of work will never be accomplished without the God Almighty with his blessings and his power that work within me and also without the people behind my life for inspiring, guiding and accompanying me through thick and thin. It is a pleasant aspect that I have now got the opportunity to express my gratitude for all of them.

I want to thank “Veer Narmad South Gujarat University, Surat” for giving me permission to commence this thesis in the first instance, to do the necessary research work.

It is great for me to offer my deepest sense of gratefulness and obligation to my preceptor and guide Dr. Manish V. Sidhpuria (Professor of Department of Business & Industrial Management, Veer Narmad South Gujarat University, Surat). I will never find the words to thank him for his time, the only thing in the world I cannot buy, and I much regret the fact that I will have little chance to pay him back for all his personal dedication of all the things I owe to him, I will just mention confidence, almost blind confidence, when he accepted to guide me. His perpetual energy and enthusiasm in research had motivated all his advisers, including me. In addition, he was always accessible and willing to help his
students with their research. As a result, research life became smooth and rewarding for me.

I am also thankful to Dr. Renuka Garg (Prof. and Head, Department of Business & Industrial Management, Veer Narmad South Gujarat University, Surat) for her support and co-operation during this study.

I would like to thank “R.V. Patel and V.L. Shah College of Commerce, Amroli, Surat” for extending co-operation and providing necessary facilities during my research work.

I wish to express my warm and sincere thanks to Shri. Ashvinbhai R. Patel Hon. Secretary and Prin. J.B.Shah (Hon.Director) Jivan Jyot Trust, Amroli, Surat for her constant support and encouragement.

I wish to express my warm and sincere thanks to Mr. Mahendra V. Soni Principal I/C, R.V. Patel and V.L. Shah College of Commerce, Amroli, Surat for her constant support and encouragement.

I am profoundly obliged to Shri Mukesh R. Goyani (Co-ordinator, R.V. Patel and V.L. Shah College of Commerce, Amroli, Surat for teaching a philosophy of life. He always inspires how to face and fight against difficulties. His moral support really helps me a lot.
I have a big sense of gratitude to Dr. Mahesh Trivedi (Assistant Professor in skat Engineering college, Surat) for the time he spent with me and the patient answers to my questions on his respective indices. I can say that he is not only my best friend but like my brother and well-wisher also. During the research work, he always stands behind me to support.

I owe my deepest gratitude to Gautam Dua (Assistant Professor, V.B. Shah Institute of Management, Amroli, Surat) for encouragement and support from the initial to the final level enabled me to develop an understanding of the subject.

I am also grateful to Dr. Hemali Shah (Assistant Professor, Prin M.C. Shah Commerce College Eng. Med. Ahmedabad) for providing guideline regarding statistical tool and techniques.

I am also grateful to the teaching and non-teaching staff of my college who helped me directly or indirectly.

I am obliged to each of my respondents for giving their feedback without bias regarding questionnaires.

Words fail me to express my appreciation to the partner of my each moment, my beloved wife Shobhana whose dedication, love and persistent confidence in me has taken the load off my shoulder. I owe her for being unselfishly let her intelligence, passions, and ambitions collide with mine. Without her
encouragement and understanding it would not have been impossible for me to finish this work.

Last but not the least, I become speechless while speaking about my son Manthan, and my daughter Drashti. Both loving and innocent smile takes away all the stings of mine. His /Her Dance, style of playing cricket and one word “Pappa” always makes me relax. Both are my strength, spirit, cravings Passion. I am deeply thankful to him.

Jignesh P. Vaghela
