ACKNOWLEDGEMENT

The author is deeply indebted to his guide Dr. T. Kannadasan, Principal, IIIndusthan College of Engineering and Technology, Coimbatore for his guidance, constant encouragement and invaluable support during the research work. The author expresses his sincere thanks to Dr. M. Thirumarimurugan, Associate Professor, Department of Chemical Engineering, Coimbatore Institute of Technology, Coimbatore for his support.

The author takes this opportunity to express his deep sense of indebtedness to Dr. T.K. Radhakrishnan, Professor, Department of Chemical Engineering, NIT, Trichy and Dr. V. Manikandan, Associate Professor, Department of EEE, CIT, Coimbatore for their valuable suggestions for the execution of the project.

The author expresses his thanks to Dr. T. Kannan, Principal, SVS College of Engineering College, Coimbatore. His greatest gratitude goes to his wife Mrs. S. Jansi and son Niteesh for their patience and support. The author would like to dedicate this work to his mother Mrs. S. Suseela for her love and encouragement.
