ACKNOWLEDGMENT

It is a pleasure to thank all the people who made the completion of this thesis possible.
I would like to express my deep sense of gratitude and sincere thanks to my research guide, Dr. B.N. Waphare, professor and Head of the Department of Mathematics, University of Pune, for his invaluable and inspiring guidance, friendship and constant encouragement throughout the course of my Ph.D. program. His continual insistence on quality has certainly forthcoming with all the help whenever I needed. Finally, I say words are not enough to thank him and I consider myself to be singularly fortunate to have worked with such a guide.
I would like to thank Dr.V.S. Kharat, Dr.M.M. Shikare, Dr.V.D. Gejji and all the academic and support staff of the Department of Mathematics, University of Pune for their kind cooperation during the period of the present Thesis.
I am sincerely thankful to Dean, Faculty of Science, University of Pune, for his assistance and cooperation throughout the research work.
I express my heartiest gratitudes to my kind devoted father and mother, my dear sympathetic wife and my dear sons and family members, without whose active encouragement this thesis would have never seen the light of the day.
