ACKNOWLEDGEMENT

I take pleasure to acknowledge the contributions of many individuals who have been inspirational and supportive throughout my work undertaken and endowed me with the most precious knowledge to see success in my endeavour.

I consider myself most lucky and privileged to have got an opportunity to work under the able guidance of Dr. C. Sridhar, Principal, C.E.S. College of Pharmacy, Kurnool, Andhra Pradesh. His untiring, meticulous guidance and caring attitude will be cherished in all walks of my life. My sincere thanks are due to him for his invaluable contributions and guidance, which made my work so simple and logical. His help, encouragement and healthy criticism has given full shape to this research work.

I take this opportunity with immense pleasure to express my deep sense of gratitude and respect to Dr. V. Murugan, Principal, Dayananda Sagar College of Pharmacy, Bangalore, for his painstaking support, unremitting encouragement and supportive guidance throughout my research work. I also thank him for providing me the necessary laboratory facilities to carry out this work with great ease and precision.

I am thankful to Mr. Sivaram Reddy, C.E.S. College of Pharmacy, Kurnool, Andhra Pradesh, for his help and suggestions during the course of my work.
I extend my sincere thanks to Dr. Krishna Mohan, Mrs. Sunitha Reddy and the entire team of JNTU, Hyderabad for their support and cooperation throughout the research program.

I express my heartfelt thanks to Dr. Rajan S, Field Botanist, Department of Ayush, Ministry of Health & Family Welfare, Govt. of India, Emerald, for providing me the plant materials and authenticating the same.

I am thankful to Dr. Vamseedhar A, Asst. Professor, Department of Pathology, Sree Siddhartha Medical College, Agalakote, Tumkur for his help offered in interpreting the histopathological data.

My special thanks are due to Mahesh, Lab assistant, Department of Pharmacology, DSCP, Bangalore, for supporting all laboratory and animal house work during the entire course of animal studies.

My heartfelt thanks are due to Mrs Radha Girish, GE-HealthCare, Bangalore and Dr. Rajsekan, KMCH, Coimbatore, for their kind help offered in interpretation of spectroscopic data.

I gratefully acknowledge the help and moral support received from my colleagues and dear friends especially, Priyadarshini, Kalpana, Sandhyavalli, Pavan, Vimal, Dr. B.Wilson, Premakumari, Josephine, Vithya and Shanaz. I also express my thanks to my fellow researchers, Shalini, Padma and Kavitha for their cooperation at all stages of my work.
It is my duty to express my gratitude to my dear students for their helping hand during the course of my research work.

It is very difficult to put in words, the gratitude, encouragement, love, unlimited patience, immense care and constant moral support provided to me by my parents, in-laws, husband and daughter.

I would like to extend my thanks to the management, teaching and non-teaching staff of Dayananda Sagar College of Pharmacy, Bengaluru and all those who have helped me directly or indirectly during the course of my research work.

Thanks to one and all

Geetha K.M.
