ACKNOWLEDGEMENTS

It is matter of great pleasure and proud privilege for me to express my heartfelt sense of gratitude towards all those personalities who have always lent a hand in my pursuit for knowledge in diverse ways.

I am highly indebted intellectually to my guide Dr. M. P. Patel, Professor of chemistry, Department of Chemistry, Sardar Patel University. It could have hardly been possible for me to undertake this research venture without his precious, intellectual, knowledgeable and valuable suggestions. His truly scientist intuition has made him as a constant reservoir of ideas and passions in science, which extraordinarily inspire and enrich my growth as a student and a researcher want to be. I am indebted to him more than he knows.

I am very thankful to Dr. V. S. Patel (Ex-Vice Chancellor, Sardar Patel University) and Rtd. Dr. (Miss) R. G. Patel, Professor of organic chemistry, Sardar Patel University, for giving me benefit of their knowledge and constructive criticisms during my research progress.
