Acknowledgements

Firstly, I bow my head humbly before the Almighty God for making me capable of completing my Ph.D. Thesis; with his blessings only I have accomplished this huge task.

I express deep sense of gratitude and thankfulness to my guide Dr. N. J. Parmar who has helped me at each and every point of my research work with patience and enthusiasm. I am much grateful to him for his inspiring guidance, affection, generosity and everlasting enthusiasm throughout the tenure of my research work, without that the Thesis would not have appeared in the present form.

I also thank Dr. H. S. Patel, Professor and Head, Department of Chemistry, Sardar Patel University, for his encouragement and providing adequate research facilities.

I am thankful to University Grant Commission (UGC), New Delhi for award of “Research Fellowship in Sciences for Meritorious Students” (RFSMS), and UGC section, Sardar Patel University for their assistance.

I am truly thankful to teaching and non teaching staff of the Department for their kind support.

I am also graceful to Dr. Vivek K.Gupta, Deepak Sharma and Rajnikant, Post-Graduate Department of Physics, University of Jammu, Jammu Tawi, India for single crystal X-Ray Diffraction analysis.

At this juncture I thank my whole family for encouraging me and providing every help to fulfill my task especially my parents and my family members, My success today had it roots in the inspiration provided by my Parents, Mr. Ashvinbhai R. Patel and Mrs. Vershaben A. Patel. They are the ones who have born the major brunt of difficulties to make my study comfortable, enjoyable from the very beginning till the end.

I gratefully acknowledge the important and valuable role of my younger sister Mikisha and her husband Akash for their selfless love and providing encouragement in my endeavor to carry out this research from beginning to end. I lack words to express my gratitude to Snehal P. Patel, Paresh M. Patel, Akshar P. Patel for their invaluable support and constant motivation during tenure of my work. My heartily thanks to my colleagues Shashikant, Hitesh, Bhavesh, Balvant, Tushar, Bhagyashree and my friends for their co-operation, help and fruitful discussion.
I am thankful to Vaibhav Analytical Laboratories (Ahmedabad), Oxygen Healthcare Research Pvt. Ltd. (Ahmedabad), Microcare Laboratory (Surat), Nutan Dye Chem. (Surat), SICART (Vallabhr Vidyanagar), for their kind help during the course of my work.

I pay my reverence to omnipresent almighty, for giving me the strength and patience to work through all these years so that today I can stand proud with my head held high.

Finally, I would like to thank everybody who was important to the successful realization of thesis, as well as expressing my apology that I could not mention personally one by one.
