Acknowledgement

I would like to express my gratitude to my supervisor Dr. S. Jayachandran, Emeritus Professor, Department of Biotechnology, School of Life Sciences, Pondicherry University, whose expertise, understanding, patience, advice were necessary for me to proceed through the doctoral program and he has always given me immense freedom to pursue independent research to complete my dissertation.

I would like to thank Prof. N. Sakthivel, Head, Department of Biotechnology, School of Life Sciences, Pondicherry University, for his valuable suggestions and directives.

I would also like to show my genuine appreciation to the other members of my Doctoral committee, Prof. Priya Davidar, Dean, School of Life Sciences, Pondicherry University and Dr. K. Prashanth, Department of Biotechnology, School of Life Sciences, Pondicherry University, for their support, guidance and helpful suggestions.

I extend my thanks to Mr. N. Ravi, Vessel Manager, National Institute of Ocean Technology, Chennai, for providing research vessel to collect samples.

I acknowledge the kind help, counsel and suggestions given by Dr. S. Karthikeyan and Mr. R. Nagaraja Prakash, Research Scholars, Department of Chemistry (PU), Dr. E. Poonguzhali, IIT Madras, during data collection, data processing and refinement of structure.

I wish to express my thanks to Dr. R. Krishna, Assistant Professor and Mr. P. Manivel, Centre for Bioinformatics, School of Life Sciences, Pondicherry University, for the molecular docking studies.
I am very much indebted to Dr. N. Arumugam, Dr. V. Arul, Dr. B. Sudhakar, Dr. A. Hanna Rachel Vasanthi, Dr. Lata Shukla, Mr. V. Balasubramanian, Dr. Venkateswara Sharma, Dr. D. Arun Kumar Department of Biotechnology, Dr. S. Sudharani, Department of Biochemistry and Molecular Biology, Dr. Kiruthika Department of Statistics, Dr. G. Vasuki, Department of Chemistry.

I wish to place my record of thanks to Central instrumentation Facility, Pondicherry University for their technical expertise in analyzing my samples and assistance whenever approached.

I wish to express my warm and sincere thanks to my seniors Dr. J. Muralitharan, Dr. S. R. Prabagaran, Dr. P. Saravanan, Dr. E. Isaac Kribakaran, Dr. Ravindra Naik, Dr. K. Badrinarayanan, Dr. S. Life Sciences, Pondicherry University, for their cooperation and timely help in connection with various official issues.

A special word of appreciation to Mrs. Shyamala Jayachandran for her care and warmth.

I gratefully acknowledge the funding agencies such as Department of Biotechnology, New Delhi, for funding my first year, University Grants Commission for 2nd and 3rd year. My special thanks to Council for Scientific and Industrial Research for honoring me with CSIR-Senior Research Fellow in my 4th and 5th year of research that made my Ph.D. work possible.

Nothing is possible for a child to achieve things in their life without the support of parents who are the pillars of everyone’s life. I would like to thank my parents for all their love, encouragement and their belief on me. Above all I feel with humble gratitude when I think of all that my parents have done for me and the pain they have gone through to raise me up to this level, I am falling short of words to thank them.
