ACKNOWLEDGEMENT

I wish to express my sincere and heartfelt gratitude to my supervisor Dr. T. Kannadasan, Professor and Head, Department of Chemical Engineering, Coimbatore Institute of Technology, Coimbatore, for his untiring, inspirational guidance and support, which made this work possible. My sincere thanks to the Doctoral Committee members,

Dr.T.K.Radhakrishnan Professor, National Institute of Technology and Dr.V.Manikandan Professor, Coimbatore Institute of Technology for providing valuable comments and suggestions for the perfection of this research work. I am also much thankful to Dr.M.Thirumarimurugan, Associate Professor, Coimbatore Institute of Technology and Dr.A.Rajendran, Principal, SriGuru Institute of Technology, Coimbatore, for their encouragement and provision of facilities to carry out this research work successfully. I am grateful to Dr.N.Anbuchezhian, Vice Principal, RMD Engineering College, Chennai, for his support in the process of bringing out the work.

My family members deserve the credit. Their involvement, inherent affection and expectation made me choose the best path for their understanding, patience and active cooperation through the course of my doctoral studies. I thank them for being supportive and caring.

Last, but not the least, I thank the one above all of us, the omnipresent God, for giving me the strength during the course of this research work.

SELVAKUMAR P
