ACKNOWLEDGEMENT

The author is thankful to Dr. R. K. Trivedi, Reader and supervisor, Department of Applied Geology, Dr. Hari Singh Gour Vishwa Vidhyalaya, Sagar, Madhya Pradesh for his erudite and visionary guidance and incessant encouragement at every step during the course of my research work. It was only due to his generosity and great personal interest he took in my work that I could complete this study in time. I must frankly acknowledge his ungrudging help in maintaining the tempo of my research despite his overwhelmingly busy academic commitments and other legitimate constraints too.

I am profoundly grateful to Prof. P. K. Kathal, Head, Department of Applied Geology, Dr. H. S. University, Sagar for his encouragement.

I shall always remain indebted to Dr. Jitendra Jain, Resource Scientist, Department of Water Resources, Government of Madhya Pradesh and Dr. Subhas C. Singh, Scientist, Central Ground Water Board, Central Region, Bhopal, Madhya Pradesh for their valuable guidance, support and active help assistance during the course of my work.

I acknowledge with thanks the encouragement I have received from Dr. P.O Alexander, Dr. Prakash P. Rodey. Dr. L. P. Chourasia, Dr. A. K. Shandilya and Dr. P.K. Kathal in this research work.

It is difficult to express my deep sense of gratitude to my elder brother late Shri Ram Kishan Singh for his everlasting spirit will continue to guide me through my life.

Sincere thanks to Shri Vijayant Jain and Dr. Shivkant Singh for their indispensable help in the preparation of maps, in the collection and analysis of data, computation and GIS works and I also thankful to Mr. Praveen Sharma and Mr. Virendra Singh for computer assistance and many other ways.

I am highly indebted to the members of my family especially my wife Kiran Singh and daughter Indubala Singh, for showing great restraint and constantly encouraging me during the course of this study. Finally, sincere thanks are also expressed to my all friends and my well-wishers.

Sagar (M. P.)
14.03.2005

(Ram Manohar Singh)
