The present thesis entitled 'Some Problems in Fixed Point Theorems' is the outcome of the researches done by the author under the esteemed supervision of Dr. R. K. Jain, Reader, Department of Mathematics and Statistics, Dr. H. S. Gour Vishwavidyalaya, Sagar. I wish to express my deep sense of gratitude to him for his constant inspiration, valuable guidance and generous help without which the completion of this research work would have been impossible.

I also acknowledge my hearty indebtedness to Dr. P. L. Sharma, Professor and Head of the Department of Mathematics and Statistics, for his enormous encouragement, and help.

The dissertation consists of eight chapters. Theorems 1 and 2 of chapter II and Theorem 3 of chapter IV have already been published in Indian Journal of Pure and Applied Mathematics, 14(8), 1983, 940–943, and theorems 1, 2 and 3 of chapter III have been published in Jñānābha, Vol. 14, 1984, 138–143. Theorem 1 and 2 of chapter VII have also been published in Indian Journal of Pure and Applied Mathematics, whereas Theorems 4 and 5 of this chapter has been accepted
for publication in Publicationes Mathematicae, Debrecen, Institut Mathematique De L Universite. The rest of chapter IV has been accepted for publication partly in Math. Japonica and partly in the Journal of Indian Academy of Mathematics. The main contents of chapters V and VI have also been accepted for publication in Pure and Applied Mathematika Sciences and Journal of Indian Academy of Mathematics respectively.

The acceptance letters of some papers which have been accepted for publication but are not incorporated in the thesis are also given in appendix.

I am extremely grateful to University Grants Commission, New-Delhi for the award of Teacher Fellowship under the Faculty Improvement Programme. Further, I am thankful to Govt. of M.P. and Dr. H.S. Gour Vishwavidyalaya, Sagar to enable me to carry out my research assignments at Sagar as a Teacher Fellow.

(S. P. Dixit)
