ACKNOWLEDGEMENTS

PREFACE (i-iv)

CHAPTER I	INTRODUCTION	1 - 15
	(i) Location and Communication	1
	(ii) Geomorphology 	2
	(iii) Climate, Soils and vegetation 	10
	(iv) Archaeology 	11
	(v) Previous work 	13
	(vi) Scope of the work	13
CHAPTER II	GENERAL GEOLOGY 	16-41
	(i) Introduction 	16
	(ii) Compound Flows 	23
	(iii) Dykes 	29
	(iv) Amygdale Minerals	32
	(v) Division of the Area 	37
CHAPTER III	PETROGRAPHY	42-85
	(i) Nomenclature and classification	42
	(ii) General Characteristics ...	44
	I. Tholeiitic basalts 	44
	II. Tholeiitic-olivine basalt .	59
	III. Basic-phyric basalts 	62
	IV. Picrite-basalts 	66
	(iii) Mineralogy and Petrology of the Dykes. 	83

			(ii)
CHAPTER IV.	PETROLOGY	86	-124
	(i) Chemistry of the rock types ..	86	
	(ii) Differentiation and fractionation trends.	108	
	(iii) Trace elements study	112	
CHAPTER V	ORIGIN OF THE MAIN ROCK TYPES ...	125-147	
	(i) Igneous activity during the Deccan Trap period	125	
	(ii) Magma types and parental magmas of the region	130	
	(iii) Petrogenesis	138	
	(iv) Origin of different rock types	143	
CHAPTER VI	COMPARATIVE STUDY AND CORRELATION OF THE FLOWS	148-161	
	(i) Correlation of the flows ...	148	
	(ii) Source of lava flows	157	
	(iii) Flow mechanism of compound flows	160	
CHAPTER VII	SUMMARY AND CONCLUSION	162-165	
	SELECTED REFERENCES	166-181	
	SUMMARIZED DESCRIPTION OF THE FLOWS	182-257	
	EXPLANATION OF PLATES (given within the text)		
	FRONTISPICE : A view of the Deccan Trap hills from Igatpuri town.
