ACKNOWLEDGEMENTS

I have great pleasure in recording here my sincere gratefulness to Dr. A.P. Srivastava, Professor in Physics, Dr. Hari Singh Gour Vishwavidyalaya, Sagar (M.P.) for suggesting the problem, his invaluable guidance and deep and sustained interest throughout the course of the present work. His timely suggestions and advice, which were readily and freely available, have been of immense help in these investigations. It was both a great advantage and privilege for me to have carried out this work under his supervision.

I am indebted to Dr. R.K. Shrivastava, Professor and Head of the Department of Physics, Dr. Hari Singh Gour Vishwavidyalaya, Sagar (M.P.) for providing the necessary facilities and encouragement.

I am thankful to the Director, Council of Scientific and Industrial Research, New Delhi, for awarding me a junior fellowship.

My sincere thanks are also due to all those persons who have provided help in various ways during the completion of the present thesis.
