Acknowledgements

I would like to express my indebtedness and gratefulness to my supervisor, Dr. Himanshu Aggarwal, Associate Professor, University College of Engineering, Punjabi University, Patiala for his continuous encouragement and guidance. I am indebted to him for the valuable time he has spared for me during this work. I am obliged to him for his moral support through all the stages during this doctoral research work.

I express my regards and gratitude to Dr. J.S. Khamba, Professor and Head, University College of Engineering, Punjabi University, Patiala for encouragement and support throughout the research period. I am also thankful to Dr. Manjeet Singh Patterh and Dr. Lakhwinder Kaur for their valuable contributions and continuous support during this doctoral research work.

I would like to extend my thanks to all those who have helped in finishing my work on time. I am grateful to all the people of Computer Engineering faculty at University College of Engineering.

I take this opportunity to express my regards and obligation to my parents whose support and encouragement I can never forget in my life.

I would like to thank my wife Dr. Regina and my little daughter Aamin for their patience and cooperation. I cannot forget their help who have managed themselves during the tenure of my Ph.D. work. I duly acknowledge the constant moral support they provided throughout. They were like two ceaseless source of inspiration for me. Their help can never be penned with words.

God has certainly being kind to give me such wonderful souls around me. I pray greater success and joy for all of them.
