Synopsis

**Chapter 1.** Introduction and Review of literature  
Page No. 1-18

**Chapter 2.** Materials and Methods  
Page No. 19-58

**Chapter 3.** Quantification of carotenoids from leafy greens, vegetables and fruits and their utilization thereof for animal feeding trials  
Page No. 59-88

**Chapter 4.** Effect of dietary lipids on bioavailability of lutein *in vitro* and *in vivo*  
Page No. 89-128

**Chapter 5.** Metabolism/Oxidation of lutein *in vitro* and *in vivo*  
Page No. 129-173

**Chapter 6.** Bioactivity of lutein metabolites *in vitro* and *in vivo*  
Page No. 174-204

**Chapter 7.** General Discussion, Summary, Conclusion and Significance of the study  
Page No. 205-220

**Bibliography**  
Page No. 221-244

**Appendix**  
List of publications and presentations from the study  
Page No. 245-247
