I would like to express my heartfelt gratitude to my research guide Dr. S. Babusundar, Professor, Department of Computer Applications, Cochin University of Science and Technology, for his inspiring guidance and constant encouragement. His simplicity and human touch along with a positive approach to everything have made my period of research work very much educative and enjoyable. I extend with all sincerity my special thanks to him.

I am very much thankful to Dr. K.V. Pramod, Head, Department of Computer Applications, Cochin University of Science and Technology for the help he has done in completing this thesis. I am also thankful to Dr. B. Kannan, Sri. A. Sreekumar and Smt. S. Malathi, Department of Computer Applications for their help and valuable suggestions given to me.

I thank all the non-teaching staff of the Department of Computer Applications for helping me in one way or other.

I acknowledge and express my sincere gratitude for the unstinted support and encouragement given to me by late Sangeetha bhushanam M.R. Sivaraman Nair, my first Guru and Shri. K. N. Vijayarajan, my present music teacher.

Padmabhushan Dr. K.J. Yesudas was a source of continued inspiration in my research work. He has taken the pain and time to closely follow the progress of this work. His critical observations and constructive suggestions have contributed greatly in shaping some of the results of this research work. I am greatly indebted to Dr. K. J. Yesudas for the love and affection he has shown to me.

Smt. Kalyani Menon, a noted Classical Musician has also spent many hours discussing with me, the various aspects of this project work. I remember with gratitude the positive impact of such discussions in improving the quality of this research work.

I thank Dr. Leslie Thomas, Department of English and other colleagues of St. Albert’s College for the help given to me at the final stages of my research work.
I thank my Sri. G.M. Prabhu and Sri. K. Ramakrishnan for the fruitful discussions we had at many occasions and also for rendering different Ragas for real time testing of the Raga identification program.

I thank Sri. K. Satheesh Varma, noted Violinist and Smt. A.R. Devi, Lecturer, RLV Music College, Tripunithura for the help extended to me in this research work.

I am extremely grateful to my family for the support rendered to me throughout my research work. Above all, I thank the supreme power, who has always showered countless blessings upon me.
