ACKNOWLEDGEMENTS

I offer my profound gratitude and sincere thanks to my research supervisor Professor I. Ramesh Babu, Head of the Computer Science and Engineering Department, Achar ya Nagarjuna University, Guntur, for his valuable guidance, keen interest and critical evaluation of the work and care he took in bringing up the thesis to this form.

I am thankful to Professor P. S. Avadhani, Computer Science and Engineering Department, Andhra University, Visakhapatnam for cooperation and encouragement during this research study.

I am thankful to Professor K. V. Sambasiva Rao, Principal, M V R Engineering Institute of Technology, Vijayawada, for cooperation and encouragement during this research study.

I am thankful to Professor K. Sambasiva Rao, Principal, Central Academy, Vijayawada, for cooperation and encouragement during this research study.

I am thankful to Professor A. Karunakar, English Department, Central Academy, Vijayawada, for cooperation and encouragement during this research study.
I am thankful to Professor G. Raghavendra Rao, Computer Science and Engineering Department, University of Hyderabad, for cooperation and encouragement during this research study.

I am thankful to Professor R. Satya Prasad, Department of Computer Science and Engineering, Acharya Nagarjuna University, Guntur, for his cooperation and encouragement during this research study.

I am grateful to Dr. K Mohana Rao, principal of V R Siddhartha Engineering College, Vijayawada, for his encouragement during the research study.

I am very much thankful to the Siddhartha Academy of General and Technical Education, Vijayawada, for their encouragement and cooperation during the research study.

I am thankful to all persons and friends who have supported and encouraged me to do my thesis work.

Finally, I thank my parents, my wife, and my children for their cooperation and encouragement throughout my research program.

P SRINIVASULU
